CASEMENT

Dramatically Read Statement From Prisoner's Dock at Today's Session

DENYING HE GAVE AID TO GERMANY

Or Received Money to Finance Uprising

MOTION WAS OVERRULED

That Defense Made to Quash Indictment—Prisoner Said He Was in Germany Recruiting Men for Service in Ireland After the War Was Over—Trembled With Emotion.

[Associated Press Telegram] London, June 28, 10:10 A. M.—Dramatic developments came at today's session of the trial of Sir Roger Casement for high treason. Chief among these is a statement on his own defense which Sir Roger made from the dock.

Francis P. Doyle, the Philadelphia attorney, who is acting as solicitor for Casement, informed the Associated Press before the opening of court that no witnesses would be called for the defense but that the arguments of the defense would be supplemented by a statement from the prisoner. As was indicated yesterday the main defense will rest on the argument of consul for the quashing of the indictment on the ground of lack of jurisdiction.

In reference to the decision of Casement's counsel not to call any witnesses, Mr. Boyle said: "Inasmuch as this trial affects not only the life of Sir Roger Casement, but also the aspirations of the Irish nation it has been deemed advisable not to call any witnesses in this country and that it would have been necessary to go to Germany for them but that the government would not permit it."

Alexander Sullivan, chief counsel for Sir Roger, resumed his argument in an attempt to show the indictment was faulty when the court convened today. After he had concluded his address the court overruled his motion to quash the indictment.

After the ruling against quashing the indictment Sir Roger delivered a statement prepared by himself. Sir Roger said:

"Money was offered to me in Germany more than once, and offered liberally and unconditionally, but I rejected every suggestion of the kind and I left Germany a poorer man than when I entered it. Money I could always obtain, from my own countrymen, and I am not ashamed here to acknowledge the debt of gratitude I owe to many an Irish friend and sympathizer who did freely and gladly help me when I was on the continent."

"I trust I have made that statement clearly and emphatically enough for all men, even by bitterest enemies, to comprehend—that a man who in the newspapers is 'just another Irish traitor' may be a gentleman."

"The attorney general of England thought it consistent with the traditions of which he is the public representative to make a thinly veiled allusion in his opening address to the rising in Ireland of which he brought forward no evidence in this case, from first to last and which, as laymen, you and I, gentlemen, as laymen, would have supposed, that he would scrupulously refrain from mentioning."

"Since the rising has been men-

Guardsmen to Be Hardened By Practice Marches Under Actual Campaign Conditions

[Associated Press Telegram] San Antonio, June 28.—Blistered feet and sunburned noses will be prevalent among the national guardsmen within two days after they reach the border. The hardening processes will begin at once and will continue until they are fit to duplicate the marches made by General Pershing's men on the trail of Francisco Villa. Unless circumstances make it impossible some part of each command will go on a hike each day. These marches will be made under conditions such as prevail in active campaigns. The guardsmen probably will be started with a march of five miles, carrying full kit and the regulation amount of ammunition. As the distance will be increased as the men improve in constitution until they are able to cover thirty miles a day. Equal attention will be paid to conditioning the cavalry and artillery horses and pack mules while the civilian truck drivers, now handling the national motor transport units, will put their muscles to every test that can be put upon them in time of war.

DIVORCED, MARRIED AND ENLISTED IN SPACE OF 3 DAYS.

[Associated Press Telegram] Canton, June 28.—William J. Van Tassel, Canton roller, enlisted in Company C, Friday, Monday he was divorced, and on Tuesday he married Miss Minerva C. Haines of Canton. Mrs. Van Tassel is the first war bride in Company C.

500 REFUGEES FROM MEXICO COMING NORTH

[Associated Press Telegram] Washington, June 28.—Five hundred American refugees from the west coast of Mexico are being brought north of San Diego, Cal., on the naval transport Buffalo and the supply ship Glacier. In reporting this today Admiral Winslow said the Buffalo had most of the refugees aboard, having taken on her last contingent at Guaymas. He added that sixty-eight Americans in the Yaqui valley had refused to leave. The state department has requested railroads to grant refugees half fare rates from ports at which they are landed to their homes. Some of the roads have already consented.

14,000 TROOPS FROM THE EAST ON THE BORDER

[Associated Press Telegram] New York, June 28.—Some 14,000 national guard troops from the department of the east already are on their way to the Mexican border today. Upwards of 40,000 more are in state camps or armories waiting to be sent away as soon as equipment and transportation can be provided. Other New York regiments are concentrating at Camp Whitman awaiting equipment and their turn to start for the border.

AMERICAN MARINES TO OCCUPY TOWNS IN SANTO DOMINGO

[Associated Press Telegram] Washington, June 28.—Rear Admiral Caperton at Santo Domingo advised the navy department today that Colonel Pendleton with a considerable force of marines was marching 80 miles overland from Puerto Plata to occupy Santiago and Legueta, interior Dominican cities. Rebel opposition was not anticipated. Conditions were reported quiet in all parts of the republic, the revolutionists making no serious effort to interfere with the American expeditionary plans for restoring order on a stable basis.

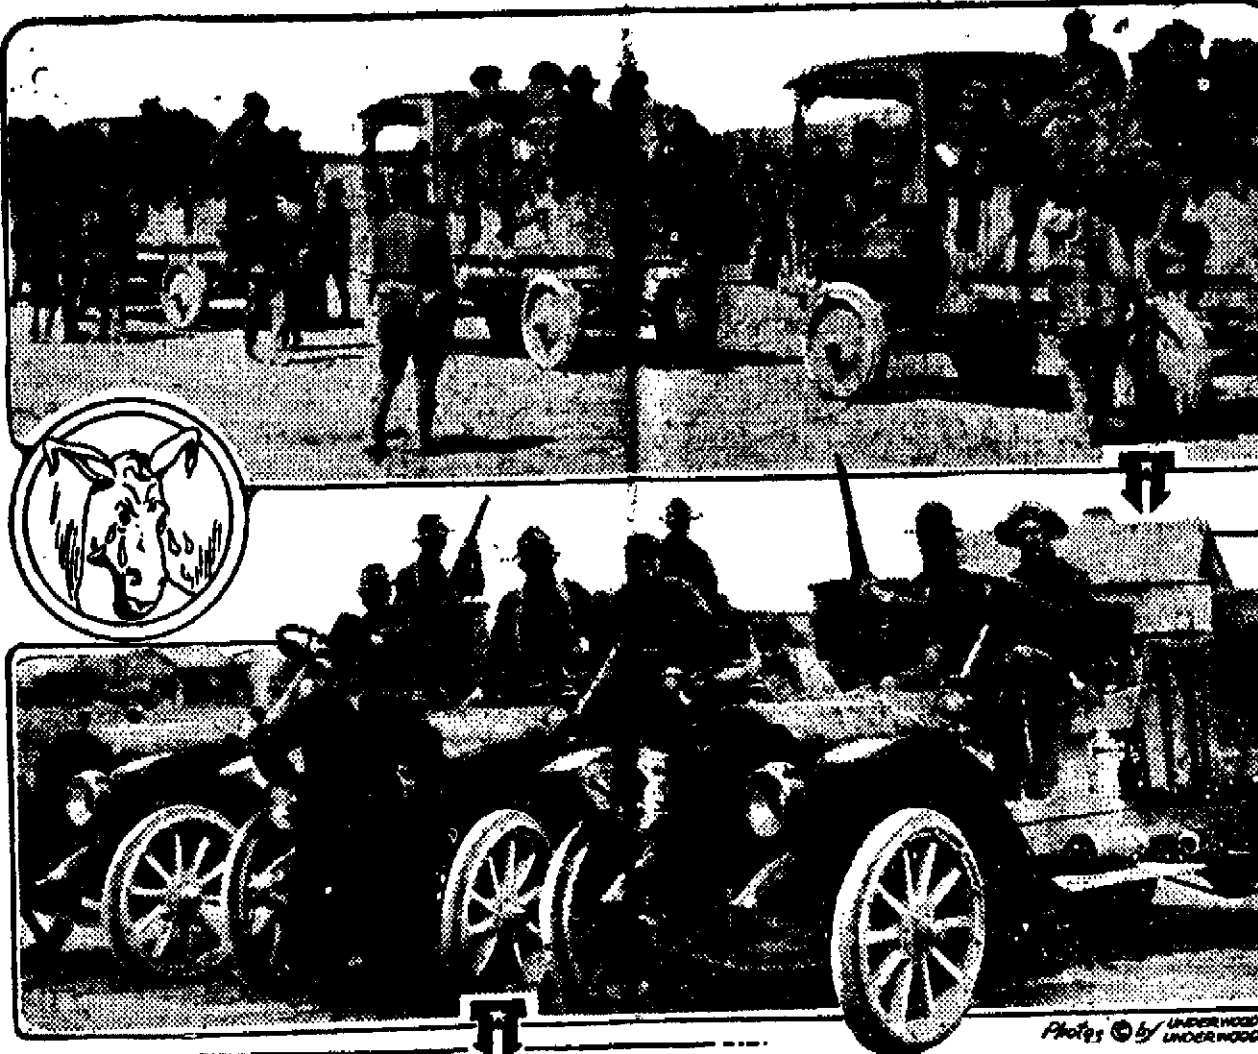

MURDER FOLLOWS QUARREL

[Associated Press Telegram] Youngstown, O., June 28.—Tony De Marks, 26, trooper of the 18th U. S. cavalry, on furlough here, this morning shot and killed Nick Caruso, a fellow boarder, in a revolver duel in the street. The shooting was the outgrowth of a quarrel. De Marks escaped.

CRUSHED IN MACHINE

[Associated Press Telegram] Dayton, June 28.—Slipping into a machine while he was oiling a shaft at the Platt Iron Works today, August Gillan, 40, was crushed to death.

MOTOR TRUCK OUSTS MULE; CHAUFFEUR REPLACES TEAMSTER

Army motor trucks in service along the border.

The old army mule is being rapidly replaced by Uncle Sam with the army truck. Scores of trucks are now on the way to the border, and army men say they are much more serviceable than mules. The picturesque army teamster also is rapidly passing, giving way to chauffeurs and mechanics.

Special Agent Rogers Now Expects to Be Handed Carranza's Answer to Note Demanding Prisoners' Release

[Associated Press Telegram] Washington, June 28.—Special Agent Rogers at Mexico City in a brief telegram dated yesterday and received at the state department early today said he expected to be handed today Carranza's reply to the American not demanding the release of soldiers taken prisoner at Carrizal. The message containing both sentences was the first word the department had heard from Mr. Rogers since he reported the delivery of the note. It said it was believed Mexican authorities were investigating the Carrizal affair but gave no indication of what would be the reply to the American demands.

There was nothing to indicate today that the Washington government's position had undergone any change. Officials still expected President Wilson to go to congress tomorrow if Carranza failed to act or replied unfavorably. Anything short of immediate release of the American troops will be unsatisfactory. No suggestions or proposal of negotiations in this regard will be accepted. It was pointed out today that Secretary Lansing's note presenting the demand sought to open no discussion of the Carrizal incident. The fact that the men were captured and were being held was viewed as a hostile act requiring immediate repudiation by the de facto government through release of the prisoners.

Mr. Rogers' statement that Carranza officials appeared to be conducting an inquiry into the Carrizal clash was interpreted here as indicating rather that the reply would support previous assertions that American troops were responsible than

that a change of attitude was to be expected. While it will not affect the general policy of the government a final report on the Carrizal fight from Gen. Pershing is awaited here with interest. The only account of Captain Morey must be supplemented by that of troops who were with Captain Boyd. A board of officers may be assigned by Gen. Pershing to assemble a report based on the stories of all commanders. Eliseo Arredondo, the Carranza ambassador designate still had received no word early today from his chief about the status of the diplomatic negotiations. Mr. Arredondo has informed Gen. Carranza of the determined sentiment in the United States demanding the release of the (Continued on Page 2, Col. 4.)

COWBOYS OVER BORDER AFTER 6 MURDERERS

[Associated Press Telegram] Columbus, N. M., June 28.—Army officers are investigating a report that the murderers of William Parker and his wife on their ranch southwest of Hachita were caught early today on this side of the border and killed. A message received by a relative of the Parkers said the bandits, 15 in number were wiped out. Cowboys of the Diamond A. and U. Bar ranches today sent a courier to Hachita with news that they had located a hot trail and were following it into Mexico. It was feared that fresh complications may arise from the venture of the cowboys. They probably are well into the interior by this time. Six Mexicans were arrested today on suspicion of being implicated in the Parker killing.

OBJECTS TO PLAN OF ORGANIZING A GERMAN REGIMENT

[Associated Press Telegram] New York, June 28.—Mayor Mitchell objects to the organization of a regiment of troops to be composed exclusively of citizens of German birth. He made public today a letter in which he replied to the suggestion of a German resident of this city that such a regiment be organized. The mayor said in this letter that he was of the opinion it would be hurtful to draw racial lines in American military affairs. "I would deprecate the formation of a regiment composed wholly of men of any one nationality," he added, "whether they were German, French, Italian or Russian, as this might tend to draw the very racial lines which I believe ought to be avoided. I suggest that you urge your men to join the regular organization of the national guard or such other organizations as may be re-

NORTH DAKOTA'S PRIMARY TODAY

[Associated Press Telegram] Fargo, N. D., June 28.—The strength of the newly organized farmers non-partisan political league will be tested in a state-wide primary today. The league has a complete ticket in the field headed by Lynn Frazier candidate for governor and political observers admit the organization will have a decided effect on the size of both the Republican and Democratic vote. Special interest is taken in the three contested fight for nomination for U. S. senator on the Republican ticket in which Governor L. B. Hanna, Senator P. J. McCumber and R. A. Nestos are engaged.

QUITS WASHINGTON FOR FIRING LINE

John Q. Tilson. Representative John Q. Tilson of Connecticut has left Washington and joined the Connecticut national guard for duty in Mexico. He is the first member of congress to leave his legislative post for service with the

OUTRAGES ARE NOW CHARGED TO AMERICANS

[Associated Press Telegram] Washington, June 28.—A note protesting against outrages against Mexican citizens alleged to have been committed by an American force, 3000 strong, marching from San Geronimo toward Valle was sent to the state department today by Eliseo Arredondo, Mexican ambassador designate on instructions from the Carranza foreign office. Vigorous complaint against the alleged arrest and mistreatment of 300 civilians at Lacruz is registered in the note, with a request that the officers responsible be punished and steps taken to prevent a recurrence of such an incident. Apache scouts with the Americans were charged with brutal treatment of the people in their homes. The column referred to is presumed to be a part of Gen. Pershing's main force moving northward from the advanced base at Nampiquipa in accordance with orders today in the lines preparatory for a possible general assault by Mexicans.

CARRANZA BRINGS CAVALRY NEAR TO PERSHING'S LINE

[Associated Press Telegram] Columbus, N. M., June 28.—Large forces of Carranza cavalry are being concentrated a short distance east of General Pershing's line of communication between Colonia Dublan and El Valle, according to reports brought here today by army truck men. The truck men assert that the American expeditionary commander is drilling his men regularly and is sparing no effort to make his force as mobile as possible. A large number of empty motor cars are being kept in readiness at field headquarters for rapid transportation of infantry. It is explained that this is being done because of reports that bandits have been seen in the territory occupied by the American com-

TROOPS

Pass Through Newark by Hundreds on Special Trains.

BOUND FOR MEXICAN BORDER

Famous Seventh of New York Among Them

FROM EVERY DIRECTION

National Guard Soldiers Are Sweeping Southward and Soon Will Be Ready to Obey Orders of General Funston, Who Has Charge of Their Disposition Along Our Southernmost Border.

Trains bearing military boys from the east have been passing through this city since late last night, the first, Battery G, of Camden, N. J., arriving at 11:10 o'clock last night. It was reported that the first military trains would arrive in Newark over the Pennsylvania railroad at 9 o'clock Tuesday night and at that hour there were over a thousand people at the station to greet the boys who are willing to lay down their lives if necessary for their country. The train was next reported as due at 10:30 and in the meantime the crowd of sightseers had increased to at least 1,500 with a hundred autos parked on Second, Third and Railroad streets.

Railway officials next stated that the train would arrive at 11 o'clock or a little after, and in the meantime a large number in the crowd left for home. The military train arrived at 11:10 and consisted of a number of flat cars, bearing large cannon, a number of caissons and equipment, two car loads of supplies, eight cars carrying 149 horses, six coaches with 179 members of Battery B, all of Camden, N. J. The men had been on the road since early morning.

A number of the soldier boys were up and talked with people at the depot, but in several of the cars the lights were extinguished and the soldiers were sleeping. A second and third section followed during the night and the fifth train of soldiers passed through the city at 5:10 this morning. It bore a battery from Orange, N. J.

This morning at 9:25 o'clock the famous Seventh Regiment of Infantry of New York City, passed through Newark. The regiment is commanded by Colonel W. C. Fliske, of the well known wealthy and influential family of that name residing in the metropolis. Its members are from every walk of life—professional men, business men, office holders, clerks and men of public affairs. A number of the soldier boys are sons of parents who are millionaires. The Seventh Regiment is the pride of the city from whence it came and when it departed from New York City at 1 o'clock it was given a rousing send off.

The first section of the Seventh's train consisted of a baggage car and twenty-four coaches, and carried 671 men. The full regimental strength is nearly 1,500 men, and three sections were necessary to transport them and their equipment. A finer set of splendid specimens of manhood could not have been selected and every one at the depot complimented their appearance. A number of the soldier boys left the cars while the engine took water, and mixed with the crowd. They stated that they were bound for Brownsville, Texas, for border duty, but expected to invade Mexico at once in case war was declared with that (Continued on Page 11, Col. 6.)

OHIO

Soldiers Probably Will Move to Camp Will Tomorrow

WHERE ALL IS PREPARED

Guard Officers Mustered Into Federal Service

WAR SUPPLIES STARTED

For Columbus From Government Arsenal at Rock Island—Gen. McMaken Resigned Civil Position in Toledo—Recruiting Still is Going On and Regiments Are Filling Up.

[Associated Press Telegram] Columbus, June 28.—The long delayed movement of the Ohio national guard to the mobilization camp here is expected to begin tomorrow. Officers of the guard are expecting supplies to arrive today which will complete the equipment necessary before mobilization can begin. The camp is in readiness for at least one regiment and will be put in shape for two additional regiments each successive day.

The equipment which is lacking is said to include clothing, blankets and tents. This stuff is being sent from the government supply depot at St. Louis, Mo. A shipment of ordnance from the Rock Island, Ill., arsenal is also expected today.

If the two shipments arrive during the day orders will probably go out tonight to the eighth regiment, Colonel Edward Vollrath, Bucyrus, commanding, to entrain at once for Columbus. Shipments of clothing and blankets from St. Louis for the outfitting of Ohio national guardmen were expected to arrive in Columbus today, and to properly authorize them to receive these goods, five Ohio great officers were mustered into federal service by regular army officers early this afternoon.

These officers are: Colonel W. H. Duffy, of Columbus, assistant quartermaster general; Lieutenant Colonel Joseph A. Hall, of Cincinnati, chief surgeon; Major John S. Shetler, of Columbus, quartermaster corps; Major Robert D. Palmer, of Columbus, adjutant of the second brigade and Captain Holland C. Webster, of Columbus, quartermaster corps.

These officers will then also be authorized to sign for two carloads of ordnance, including arms, ammunition and camp equipment from the government arsenal at Rock Island, Ills. According to figures given today by Assistant Adjutant General E. S. Bryant, 415 recruits have enlisted in the past two days in the commands included in the mobilization order. Here are the total enlistments of the several regiments and their average strength brought up to date: Second regiment, 1043, average 763; third, 1197, 38; fourth, 1299, 363; fifth, 1332, 98; sixth, 1196, 875; eighth, 1626, 135; total 7691.

The figures announced two days ago were, second, 1016; third, 1125; fourth, 1257; fifth, 1250; sixth, 1143; eighth, 1485, total, 7276. "In addition to these regiments, all the auxiliary troops with the exception of the artillery, were last night reported up to full strength, and I believe by today, the artillery has recruited up to the notch," said the assistant adjutant general.

Adjutant General Hough had (Continued on Page 2, Col. 3.)

Paler Than Ever, Will Orpet Was Submitted Again to Most Embarrassing Cross Examination

[Associated Press Telegram] Waukegan, Ill., June 28.—Will H. Orpet looked paler than ever when his cross-examination was resumed today. He is charged with the murder of Marion Lambert, his school-girl sweetheart. Attorney David R. Joslyn questioned the witness concerning a letter written to Marion while Orpet was attending the University of Wisconsin at Madison. "Did she return letters to you unopened at about that time?" asked Mr. Joslyn. "Not then, nor at any time," replied the witness. The witness denied that he had ever asked Charles Haessinger, a Madison drug clerk, for capsules. "And didn't you say to Haessinger that none of them was large enough?" pursued Mr. Joslyn. "No." "On February 8 about 1 o'clock," suggested Joslyn, "you took a train to Lake Forest, via Milwaukee?" "Yes."

to pin the witness as to the crime time he stopped in Milwaukee. The witness did not remember. Attorney Joslyn asked who Marion said when Orpet telephoned her on his arrival in Lake Forest. "I asked her if she couldn't open out. She said no, that Jo Davis was there." "Now, is that all you can remember?" "I asked her if I could see her at the Sacred Heart station in the morning. She said 'Yes'." "Was anything said about bringing down any dogs to the hotel?" "I may have, but I don't remember." "Now, was it before or after, dogs were mentioned that you were to see her?" "Probably before, if any dogs were mentioned." "Marion having said that she could not see him that night, did she start for his home?" "Yes, Mr. Joslyn." "Questions to the jury?" "The defendant is guilty of the crime of murder."

Men of Newark

WHEN GEORGE C. VAIL, DISTRICT SALES AGENT FOR THE National Cash Register company, in this city, left his home in Sparta, O., to begin his career, he chose the occupation of a traveling salesman for a wholesale grocery concern. It was while following this line of endeavor that he discovered the absence in a great many stores of the essential cash register. Being of a progressive nature, he decided to assist the Cash Register company in placing a cash register in every business firm in the country. He began the sales of cash registers in Mt. Vernon in 1907 and within a short time his business grew to the extent that he was transferred to Newark in 1910 and made district sales manager of several counties. Mr. Vail last week closed, what is considered one of the largest contracts this year in the state for the installation of a department store system for the H. H. Sturdevant Co. at Zanesville. He is a member of the United Commercial Travelers, of this city and also of the B. P. O. Elks. During the fight of the local order of U. C. T. for the 1917 convention of the United Commercial Travelers, he was one of the boosters whose efforts succeeded in landing the prize for Newark.

PROGRAM GIVEN AT FIRST CHURCH

At the First Presbyterian church last night an interesting program was given by the pupils of Miss Mary Theresa Bloomer as follows:

Piano Solo — "Valse," Sonoma Deck.

Reading — "Rather Lonesome Without Ma," Jack Prior.

Reading — "My Mamma's Lap," Stella Toben.

Reading — "Jane Jones," John Fred Reed.

Reading — "The Kitchen Clock," Dorothy Rainey.

Reading — "An Order for a Picture," Elizabeth Criswell.

Reading — "The Boogah Man," Sonoma Deck.

Reading — "Jimmy Brown's Prompt Obedience," David Prior.

Reading — "Her First Call on the Butcher," Miss Lelia Mears.

Reading — "Since Birdie Commenced Delsarte," Elizabeth Criswell.

Reading — "Daisy's Faith," Margaret Altmeyer.

Reading — "Asleep at the Switch," Sonoma Deck.

Dialogue — "Mice at Play," Tom Corvin Starkey; Bess, Onedia Starkey; Archie, James Weakley; Bob, Marian Starkey; Baby, Mary Josephine O'Neill.

Reading — "Entertaining the Minister," Dorothy Rainey.

Reading — (a) "Jesus, Lover of My Soul," (b) "The Bugle Song," Ruth Anderson.

Reading — "A Negro's Account of the Prodigal Son," Elizabeth Criswell.

Reading — "A Dutchman's Serenade," Sonoma Deck.

Reading — "Jane's Conquest," Miss Ethel Jackson.

Vocal Solo — "Dreams, Just Dreams," Sonoma Deck.

Piano Solo — "Midsummer Night's Dream," Miss Ethel Jackson.

Pantomime — "My Lamb Looks Up to Thee," Nellie Canterbury; Louise Ralston, Marie Henry, Virginia Wright, Sonoma Deck, Juanita Stover, Ruth Anderson, Onedia Starkey, Dorothy Rainey, Margaret Altmeyer, Helen Kelly, Elizabeth Criswell. Sung by Master Donald Cross; accompanist, Miss Ethel Jackson.

CASEMENT

(Continued from Page 1.)

tioned, however, I must say categorically that the rebellion was not made in Germany, that it was not directed from Germany, that it was not inspired from Germany and that not one penny of German gold went to finance or assist it.

"Gentlemen, I have touched on these personal matters because, intended as they were to reflect upon my honor, they were calculated to tarnish the cause I hold so dear."

As Sir Roger made the declaration that he never had accepted German gold his voice trembled with emotion and he leaned toward the jury as though supplicating the jurors to believe his statement.

Immediately after the prisoner had finished speaking Sergeant Sullivan rose and began an eloquent address in summing up. The attorney said the charge against Sir Roger was that he had aided Germany dur-

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

4 MORE STATES SEND SOLDIERS TO THE BORDER

(ASSOCIATED PRESS TELEGRAM)
Chicago, June 28.—Orders were issued today by Major General Thomas H. Barry, in command of the central department of the United States army for the immediate movement to the border of all units of the Illinois, Missouri, Kansas and Wisconsin national guard which are "reasonably ready."

The following statement was issued at General Barry's office:

"Orders have been issued directing the dispatch of all units in Illinois, Kansas, Missouri and Wisconsin when mustered in, examined and reasonably ready. The Illinois cavalry will go to Brownsville, Texas. All other Illinois troops to San Antonio, Kansas troops will go to Eagle Pass, Texas. Missouri troops will go to Laredo, Texas. Wisconsin troops will go to San Antonio, Texas. Other troops will be dispatched whenever reported reasonably ready."

An order to facilitate the movement, the troops will entrain without waiting for further instructions, according to orders sent from central headquarters to mobilization points in Illinois, Kansas and Missouri.

OHIO

(Continued from Page 1.)

altered instructions issued to unit commanders to the effect that they shall bring their men into camp without ammunition. What ammunition is on hand will be brought with the various guard organizations, officers at the adjutant general's office said today.

In a number of cities where guard organizations have been ordered to prepare to mobilize, the armories are used by G. A. R. Spanish American war veterans and kindred organizations for a meeting place. In his first orders Adjutant General Hough commanded guard commanders to lock the armories and leave the keys with the mayor of the city. In cities where this would prevent use of the buildings by veterans' organizations, however, the armory keys will be left with the janitor or officer of one of the organizations.

General William V. McMaken of Toledo, today tendered his resignation to the state tax commission as chairman of the Lucas county tax revision board in order that he may serve as commandant of the mobilization camp near this city.

The resignation of attaches of the state tax commission who enlist or are already connected with the Ohio National Guard will be required, according to members of the commission, although such positions will be held pending the return of the resignations. Vacancies will be temporarily filled.

Federal mustering officers, under Major Robert W. Mearns, this morning established headquarters at Camp Willis.

First troops of the Eastern department passed through Columbus today, enroute for the border. The troop trains reached the Union station at the lunch hour and a halt was ordered. The hundreds of soldiers swarmed from the cars upon being granted "train leave," and invaded the downtown lunch rooms and restaurants at noon. Patriotic spirit and eagerness to reach the scene of their service was generally expressed by the men.

SENATOR STONE WOULD KNOW OF A NEW TREATY

(ASSOCIATED PRESS TELEGRAM)
Washington, June 28.—Senator Stone, chairman of the foreign relations committee, introduced a resolution today requesting President Wilson to inform the senate of the precise character of a commercial treaty being negotiated by allies of France in the European war with "the declared object and purpose of establishing a boycott" against their enemies during and after the war.

Senator Stone asked that the resolution lie on the table for the present. The measure would ask the president particularly to ascertain to what extent neutral nations, especially the United States would be affected by the treaty.

PALER THAN EVER

(Continued from Page 1.)

ent. His trip being a secret one, however, he did not go home, but to the garage.

"The chauffeur was a friend of yours, were you afraid that he would see you?" Attorney Joslyn asked. "Not afraid, but I thought it would be better if he didn't."

Orpet said he walked around for a time and then went to the garage where he spent the night.

Orpet's cross-examination may occupy not only today but a part of tomorrow. This was indicated when it was stated that David R. Joslyn, special prosecutor, will seek to develop the state's theory upon four points set up by the defendant in his testimony thus far presented to the jury. The state in support of its belief that Orpet testified falsely it was said will attempt to show that the bottle of malasses and water found in the woods was "planted"; that Orpet saw no white powder on the girl's face and hands; that he witnessed no convulsions when she died, and that his alleged "brainstorm" never took place.

A decision with reference to the cross-examination of Orpet on the subject of his relations with Miss Celestia Youker, which is expected to have an important bearing upon the case, is to be handed down by Judge Donnelly today.

Mr. Joslyn told the court that the engagement of Orpet to Miss Youker, if proved, would furnish the motive for the slaying of Marion Lamertz.

MR. BRILLANT IS RESTING EASIER

Jacob L. Brilliant, manager of the Brilliant company, who late Sunday afternoon was severely injured, when his automobile turned turtle on the national highway at Mt. Sterling, today was reported to be resting as well as could be expected. Mr. Brilliant suffered considerable pain from his injuries last night, but this morning was resting easier.

SENDS MILITIAMEN TO MEXICAN BORDER

Major General Thomas H. Barry.

Major General Thomas H. Barry, commanding the central department, has been directed to send to the border 5,000 national guardsmen of the central states as far as it can be done, regardless of the sections of the department from which they must be obtained. The urgency of the order indicates the need of reinforcements.

BRITISH GUNS' BOMBARDMENT IS CONTINUED

(ASSOCIATED PRESS TELEGRAM)
British Headquarters in France, Tuesday, June 27, via London, June 28, 12:40 p. m.—British guns continued today the bombardment over a broad front which was begun yesterday. The Associated Press correspondent riding seventy miles behind the lines found the same regular pounding of positions on both days whether in the Somme region or along the Vimy ridge.

Going to a point on high ground which allowed a broad sweep of vision in a rolling country or forward to observation posts in the trenches, the correspondent found the horizon always bounded by shell bursts. There might be a lull at one point for awhile but soon the inferno in that direction was renewed.

Under cover of the bombardment the British made numerous trench raids last night, bringing in groups of prisoners.

The British released gas at certain points but discontinued this when the weather was found to be unfavorable.

SPECIAL AGENT

(Continued from Page 1.)

American troops but has had no reply.

Carranza's delay in replying is believed here to be due largely to his hope to have south and central American countries agree fully to his course before he takes a final step.

John R. Silliman, consul at Saltillo who now is at Eagle Pass, Tex., advised the state department of the receipt by Dr. Atl, editor of a Mexico City labor paper, of a telegram from Gen. Carranza saying he was prepared to do everything possible to avoid a break with the United States. Dr. Atl has been at Eagle Pass participating in conferences designed to aid in averting war and is expected to come to Washington this week to confer with the executive council of the American Federation of Labor.

War department officials believe they have perfected arrangements by which ample supplies of food, equipment and clothing will be provided for all troops called into the federal service, no matter how great the numbers may be.

The only difficulty so far experienced has been in obtaining a sufficient number of motor trucks of a certain type preferred by army officials for border use. Plenty of trucks of proper size and power but of different designs are immediately available.

It was probably the last day allowed General Carranza in which to comply with the United States' demand for release of 23 troopers held as prisoners at Chihuahua City. If his reply, either by act or in communication does not arrive by tonight, or if it is unsatisfactory, President Wilson is determined to go before congress, probably tomorrow, and ask authority to rescue the prisoners by force.

Unofficial reports stated that General Carranza's reply was on its way to Washington, having been dispatched from Mexico City last night. Officials had no intimation of its nature. The state department telephone room was watched closely by administration officials for the note which may have been transmitted by Special Agent Rodgers at Mexico City.

WILL ESTABLISH A CAMP Y. M. C. A.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, June 28.—Two Cleveland Y. M. C. A. secretaries will go to Columbus when the Cleveland national guardsmen go to Camp Willis, and will become part of a staff of nine men who will have charge of a camp Y. M. C. A. to be established at Columbus by the state Y. organization. The plan is to have four tents at the camp, with two men in charge of each tent, and a general camp secretary in supreme command.

The tents will be provided with books for the soldiers to read, correspondence material, game tables of various kinds, moving pictures, and there will be evening educational meetings and Sunday religious services.

MEXICANS DRIVEN BACK BY SENTRY

(ASSOCIATED PRESS TELEGRAM)
Nogales, Ariz., June 28.—American occupation of Nogales, Sonora, loomed close early today when eight Mexican soldiers were driven back by a United States sentry post as they tried to cross to the American side.

The Mexicans withdrew and Major William Brooke ordered his men to "drop anybody you see acting suspiciously. If a shot comes from over there we'll go straight across."

possible mediation, were regarded as subsidiary to that of the freeing of the American troopers at Chihuahua. Officials were gratified to learn by a report of the British consul in that city that the prisoners were being well treated and that only two were slightly wounded.

CONTRACTS WITH PACKING HOUSES TO FURNISH MEAT

(ASSOCIATED PRESS TELEGRAM)
Chicago, June 28.—Chicago packing houses have closed contracts with the army quartermaster here for a monthly supply of 1,500,000 pounds of meat for the army. It was learned today. Most of the meat is to be shipped to Fort Sam Houston and El Paso.

Half a million pounds of corn beef, packed in two pound cans, is to be sent at once to San Antonio, according to another order, and an order for 240,000 pounds of bacon as emergency rations, to be shipped to the border in crates, went to another stock yards firm.

CLOSE WATCH TO PREVENT SUPPLIES REACHING MEXICO

(ASSOCIATED PRESS TELEGRAM)
Washington, June 28.—Agents of the investigation bureau of the department of justice were instructed today to keep a close watch on all southern ports to prevent arms being loaded for Mexico. Information had been received that several schooners now in Florida ports were suspected of waiting an opportunity to take on shipments of arms.

CALL ISSUED FOR AVIATORS

(ASSOCIATED PRESS TELEGRAM)
Chicago, June 28.—A call to licensed aviators to volunteer for service with the army in anticipation of a federal call for their service was sent out today from the headquarters of the Aero club of Illinois. The action followed a conference between officials of the local aero club and Albert Bond Lambert of St. Louis, head of the U. S. aviation reserve and vice president of the Aero Club of America.

Ninety per cent of Italian boot and shoe factories are equipped with American machinery.

ATTENTION TO DAY IS DOLLAR DAY

Dr. Frederick A. Blossom.

"The intelligent limitation of offspring according to the parents' income and the mother's health," says Dr. Frederick A. Blossom, president of the Ohio Birth Control League, "will strike at the roots of poverty. The rich are practicing birth control almost universally. The working class and the poor have a right to the same knowledge."

KENTUCKY TROOPS LEAVE

(ASSOCIATED PRESS TELEGRAM)
Louisville, Ky., June 28.—Four companies of the First Kentucky infantry, located at Louisville, are under orders to move to the mobilization camp established at Fort Thomas tomorrow night.

After 15 years of experimenting a Dredgen engineer has succeeded in perfecting a rocket carrying a camera to photograph objects and places over which it passes. It is returned to the ground by a parachute.

Western Africa has a small species of hippopotamus, not much larger than a pig, which scientists recommend to be bred in the swamps of the southern part of this country as a substitute for beef.

A process invented by an Italian chemist for extracting essential oils from citrus fruits is said not to affect the chemical properties of the oils in any way, and it is predicted that it eventually will revolutionize the industry.

PERSHING COUNTS ON THESE MEN IN MEXICAN OPERATIONS

Left to right: Capt. A. E. Phillips, Lieut. Henry A. Meyer and Lieut. D. H. Scott.

These three men are valuable aids to Pershing in his Mexican operations. Lieutenant Meyer while leading a detachment of the 10th cavalry picked up on the desert three troopers sent by Captain Morey with a report of the engagement which took place at Carrizal. Captain Phillips is at the head of the machine gun troop, 10th cavalry. Lieut. D. H. Scott is a son of Gen. Hugh L. Scott, commander in chief of the U. S. army.

SAFETY FIRST TRAIN VISITED BY THOUSANDS

Newark yesterday showed its appreciation for the courtesy of the visit of the United States Government Safety First Baltimore & Ohio Special, by shattering all one day attendance records for the state. The official count of the crowd that visited the Safety First exhibit between the hours of 1 and 9 p. m. was 8,191, and several hundred were turned away last night owing to the train having to leave on schedule time.

The exhibits were the most educating and interesting species of the work now being carried on by the Federal government along Safety First lines, ever shown outside of Washington. Washington was laid before the citizens of Newark for their approval and the comments heard this morning about the train were highly complimentary.

A line of several hundred people reaching a considerable distance north of Second street, withstood the torrid heat for the opportunity of paying a visit to the train. The visitors were handled in an efficient manner by the men in charge of the special with the result that when the total count of the crowd for the day was made last night, Newark was leading all other cities in the state for one day attendance.

Pittsburgh came within 11 of tying Newark attendance, while Cambridge is third with a total of 6,328. Cincinnati had 5,953 and Zanesville 5,730. And when the doors of the train were closed last night a line of several hundred, still were trying to gain admission.

The special departed at 10:40 last night for Columbus where it will remain for two days. Then it goes to Chicago Junction for one day.

Upon the arrival of the train here yesterday a committee from the Chamber of Commerce arranged for automobiles and shortly after lunch, the attaches of the train were taken in two shifts for a visit of the city and a number of industries.

Donald P. Stevens, superintendent of the Newark division of the

Baltimore & Ohio railroad and John Tordella, division engineer of the B. & O. company acted as a committee to look after the company's interest and the placing of the exhibit train at Second street. The members of the Safety First special were highly pleased with the reception accorded them here and heartily thanked the Chamber of Commerce for making it possible for them to enjoy a little recreation while in the city.

U. S. Wants Railroaders.
According to information received here last night the United States government were asking for 500 railroad men to go to the border. The message stated that the men were wanted for service in Mexico in the event of an invasion by this country, to take charge of the Mexican railroads.

Local railroad officials interpret this movement as meaning the United States expects in case they go to war with Mexico, to grab the Mexican railroads for use of transporting soldiers across the border. That railroad men of the country would be necessary, is shown by the fact that this country could not afford to be subjected to trickery at the hands of employees of the Mexican railroads. The railroad situation in the war zone will be watched with considerable interest by local railroad men.

Pay Checks Arrive.
The Baltimore & Ohio pay checks arrived in this city today on train No. 11 and the men this afternoon were receiving their money.

LAND FRAUD CASE TO JURY IN U. S. COURT

San Francisco, June 28.—Six defendants in the so-called Oregon-California land fraud case are awaiting today the verdict of the jury in the United States district court which last night took it under consideration.

The defendants, including three San Francisco attorneys and three real estate operators of Los Angeles, were indicted last year, with a number of others, on a charge of conspiring to use the mails to defraud.

It was charged that the defendants secured thousands of dollars by making fraudulent misrepresentations, through the mails, in order to obtain applicants for quarter sections of land in the Oregon and California railroad land grant which runs through the state of Oregon.

YACHT CLUB REGATTA AT LAKE JULY 4

The annual Fourth of July regatta will be held at Buckeye Lake next Tuesday, under the auspices of the Buckeye Yacht club, the Chamber of Commerce of Buckeye Lake, O. A splendid program of races has been prepared, the regatta committee reserving the right to rearrange same should weather conditions make it seem advisable. Suitable and handsome prizes will be awarded in all events. There will be a flag raising at the handsome and commodious club house at 9 o'clock in the morning and the preparatory gun will be fired at 9:15. The races start at 9:30. The program for the day being as follows:

9:30 a. m.—Cat Boat Race
9:40 a. m.—Outboard Motor Race
Course—to east marker and return
10:00 a. m.—Cano Race
10:10 a. m.—Single cylinder Power Boats
10:15 a. m.—Two-cylinder Power Boats
10:20 a. m.—Handicap—Ohio Electric
11:20 a. m.—Lunch
House and Entertainment Committee will have coffee and sandwiches which can be secured at a minimum cost.
12:30 p. m.—New Class 11-foot Sailing Boats.
1:00 p. m.—Swimming and Diving Races.
1:10 p. m.—Tub Race
1:15 p. m.—Cano Tiltling Contest
2:00 p. m.—
2:45 p. m.—Four-cylinder Power Boats, under 15 miles per hour
3:15 p. m.—Speed Boat Race
3:45 p. m.—Ladies' Cat Boat Race
The regatta committee is composed of H. D. Boone, chairman, C. H. Julian, J. H. Marquardt, R. D. Holbrook, J. D. Brooke, J. Frank Mooney and Harold Kaufman.

WHEELER SPEAKS AT CONVENTION OF ANTI-SALOONISTS

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, June 28.—Speakers at today's session of the annual convention of the Anti-Saloon League of America referred to the liquor traffic as the "country's greatest crime," urged the need of a campaign to educate the people to the dangers of using alcohol even in moderation and pleaded for a closer organization of the forces combatting the liquor traffic.

Among the speakers were Wayne B. Wheeler of Washington, D. C., general attorney for the League; Mrs. Lillian Bart of Columbus, O., director of the safety and efficiency bureau of the American Issue Publishing company, and Jas. A. White, superintendent of the League for Ohio.

L. D. BONEBRAKE FORMER OHIOAN DEAD, AGED 57

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, June 28.—Louis Davis Bonebrake, 57, former president of the Indiana Central university here, and at one time state commissioner of schools of Ohio, died at his home last night. He resigned as president of the university about a year ago on account of ill health. He was known as a lecturer and as one of the national leaders of the United Brethren church. A daughter, Miss Margaret Bonebrake, of this city, and a brother, W. W. Bonebrake of Columbus, O., survive. The body will be taken to Westerville, O., Friday morning for burial.

FRENCH QUELL REVOLT.
(ASSOCIATED PRESS TELEGRAM)
Rabat, Morocco, via Paris, June 28.—French troops have quelled a serious revolt of tribes in the El Quad region in Algeria after fierce fighting. The rebels offered desperate resistance and were only defeated after their principal stronghold had been stormed by two French columns. Their leaders then surrendered.

PEN WHERE AMERICANS ARE IMPRISONED; MEXICANS RESPONSIBLE FOR DETENTION

Federal prison at Chihuahua; Gen. Trevino (top insert) and Gen. Carranza. In this prison at Chihuahua, General Trevino holds captive almost a score of American soldiers, who were captured in the engagement at Carrizal. President Wilson has demanded of General Carranza the immediate release of these men.

ENDEAVORERS MEETING AT SPRINGFIELD

(ASSOCIATED PRESS TELEGRAM)
Springfield, O., June 28.—Delegates to the thirty-first annual convention of the Ohio Christian Endeavor Union continued to pour in to this city early this morning. They were met at the trains and escorted to Memorial Hall where they registered. It is now estimated that between 1,500 and 2,000 delegates and visitors will be in Springfield by Wednesday evening. Up to last night 760 had registered. This morning was devoted to sectional conferences regarding various phases of the work. Last night the dele-

gates were given a cordial welcome by Rev. Dr. E. P. Thompson of the Second Presbyterian church; city manager Charles E. Ashburner and General Committee Chairman George H. Bell. In the absence of Rev. T. C. Lawrence, of Cleveland, the response was made by Rev. Dr. John E. Day, President, of Columbus, delivered his annual address in which he pointed to the wide field for work and referred to the need of a revival spirit of self sacrifice. Akron, Norwood and Hamilton are after the next convention. Delegations from these cities appeared in attractive costumes.

In some parts of Spanish Guinea the rats are so numerous and destructive that a cat is worth as much as a sheep.

ESTABLISHED IN 1820

Entered as Second Class Matter
March 10, 1882, at the postoffice at
Newark, Ohio, under the Act of March
3, 1879.

It is never a good plan to swap
horses while crossing a stream of
water—Abraham Lincoln.

It is claimed school teachers
should be more graceful. Yet they
practice waltzing the small boys
around the room.

These are times when the most
finely tailored dress suit looks less
attractive to the girls than a dusty
khaki uniform.

So many people visit the bathing
beaches to disapprove the shocking
costumes there worn, that it is hard
to find room on the shore.

The prospect of one cent postage
seems less alluring when you think it
will enable your creditors to render
bills fortnightly instead of monthly.

The Mexicans are evidently dis-
posed to fight, bleed, and die to pre-
vent the horrors of civic order and
liberty from being imposed on them.

Carranza made a big mistake in
presenting his demand for the with-
drawal of the Americans, before he
had time to complete arming his sol-
diers with American guns.

People who were disappointed on
not getting a college degree may feel
somewhat reconciled out in the coun-
try on seeking a Master of Arts try-
ing to milk a cow on the wrong side.

Zanesville's public playgrounds
for children financed by the Wom-
en's Federated Clubs, will be thrown
open to the public on July 5. Miss
Ada Van Voorhis is president of the
Federation which has carried this
good work to a successful conclu-
sion.

Taxation.

Those well-intentioned persons
who have been making a careful
study of taxation problems, and con-
trasting the systems that have been
in use in Ohio recently, see signifi-
cance in this editorial "From State
to State," in the Independent and
Harper's Weekly, May 29:

"Last year, under a new law, the
collection of the Oklahoma income
tax was taken out of the hands of
the county assessors and turned over
to the state auditor. Under the old
law the assessors had found only 157
persons subject to the tax and had
collected only \$2900. In the first
year under the new law State Audi-
tor Howard succeeded in collecting
more than \$200,000. Believing that
he had not yet found more than half
of what was due, he recently went
to Washington to get the names of
2300 Oklahomans who are under-
stood to have paid income tax to the
federal government. Access to the
records there was denied him and he
took the matter to Senator Gore and
the Oklahoma congressmen, with the
result that they are seeking to

Daily History Class—June 28.

1776—Bombardment of Fort Mifflin,
Charleston harbor, by the British
resulted in repulse of the fleet.

by Germans off Cornwall, Eng-
land, while attempting to escape.
Several Americans in the crew
killed. German forces captured
Habs, on Danube river, in Gal-
icia, getting control of all eastern
Galicia.

ELECTING A PRESIDENT

2

John Adams
Won
Close
Race In
1796
Election.

JOHN ADAMS.

THE Democratic Republicans
supported Thomas Jeff-
erson of Virginia for pres-
ident and Aaron Burr of New
York for vice president in 1796.
The Federalists supported John
Adams of Massachusetts for
president and Thomas Pinckney
of Maryland for vice president.

The election took place on
Nov. 8, 1796, and the vote was
counted on Feb. 8, 1797. It was:

John Adams, 71; Thomas Jef-
ferson, 68; Thomas Pinckney, 59;
Aaron Burr, 30; Samuel Adams,
13; Oliver Ellsworth, 11; John
Jay, 5; George Clinton, 7; 8;
Johnston, 2; James Iredell, 3;
George Washington, 2; C. C.
Pinckney, 1; John Henry, 2.
There is no record of the popu-
lar vote. Sixteen states voted.

Of course in these early days
there were no party platforms
or conventions.

(Watch for the election of Jeff-
erson in 1800 in our next issue.)

him down for a liar and never trust
his word again. If he asserts the
same falsehood by a printed placard
they regard it as a venial trade
stratagem.

"An association of merchants in
New York has enlisted the district at-
torney and purposes to drive out
some chronically lying shops in its
particular line. It is a good exam-
ple. By concerted action among
self-respecting merchants everywhere
the path of the shop that habitually
depends upon lies can probably be
made thorny enough to work a re-
formation."

Buckeye Lake.

(Columbus Dispatch Editorial)
We wonder, sometimes, whether
Columbus people appreciate Buckeye
Lake.

When the heated season comes
there is an exodus from the city, and
those who can afford the time and
money like for the mountains, Cana-
da, Michigan, Great Lake resorts or
the sea shore without giving
Buckeye Lake a thought.

Here it is at our very doors, one
of the most beautiful sheets of wa-
ter in America, with as charming
natural setting as heart could wish,
and offering every convenience and
comfort that the most exacting
could expect.

There is an abundant supply of
the finest artesian well water, natu-
ral gas, electricity, boat and supply
service, comfortable cottages, good
hotels, plenty of amusements and
intellectual centers to say nothing
of the pleasures of boating, sailing,
motoring and fishing, hunting in
season.

Buckeye Lake as a resort is clean,
orderly, safe and healthful. It is at-
tractive. It is by the very nature of
things a playground for Columbus
people, providing they insist on leav-
ing the city for pleasure.

It is easily and cheaply reached
by convenient traction and railroad
lines, and it deserves more apprecia-
tion than it receives. Go to Buckeye
Lake for your outing, and you'll
enjoy it!

Quaker Quips.

(Philadelphia Record.)

Don't tell the under dog that one
good turn down deserves another.

It's all right to return good for
evil, but good luck seldom comes
from bad habits.

It must be false pride that
prompts a man to be proud of the
fact that he is humble.

One thing about a conscience is
that it isn't apt to trouble you un-
less you trouble it.

The manufacturer of umbrellas is
one individual who believes in the
weather profits.

Unfortunately, the cream of soci-
ety isn't always generated from the
milk of human kindness.

No, Maude, dear; there is no rea-
son why even the absent-minded man
shouldn't make his presence felt.

Wigwag—"Your wife seems to be
a woman of excellent judgment."

Gighedde—"Naturally; she accepted
me."

PRESIDENTIAL POINTERS

The first presidential election
took place January 7, 1789. Only
10 of the original 13 states took
part in the election, New York
not having passed an election
law and North Carolina and
Rhode Island not having ratified
the Constitution. The first
Wednesday of February follow-
ing, the electors made choice
for president and vice president
and their votes were counted
April 6. Washington received
69, one vote of every elector;
Adams, 34; Jay, 9; Harrison, 6;
Rutledge, 6; Hancock, 4; Clin-
ton, 3; Huntington, 2; Milton,
2, and three others one each.
Washington and Adams thus be-
came president and vice pres-
ident and were inaugurated in
New York, April 30, 1789.

It's Carranza's Move.

(Philadelphia Record.)

The First Chief of a Government
that is neither de jure nor de facto,
for it has no title but the sword, and
it cannot use that to preserve order,
has assumed responsibility for the
fight at Carrizal, in which Mexican
troops fired upon ours because they
were moving eastward, while Carr-
anza had directed them to move
northward. We are dealing, then,
not with any military commander,
but with whatever there is of national
government in Mexico.

If our troops were in Mexico right-
fully they were fired upon wrong-
fully, and we must suppress the oppo-
sition offered to them. Our govern-
ment has demanded the release of
the prisoners taken at Carrizal and a
definite announcement whether
Carranza means war or peace. It is
an ultimatum. Upon his reply
hangs peace or war.

Carranza knows, and the world
knows, why our troops are in Mex-
ico. They might have been sent there
on account of the internal conditions,
but they were not. We waited until
our own country was attacked. We
waited six months after that. The at-
tacks have continued since we sent
our punitive expedition into Mexico.
Mr. Carranza must know that there
is not a nation on earth that has
power to protect itself that would
submit indefinitely to the sort of
thing that has been going on along
our border for nine months, and
near enough to our border to con-
cern us, for several years. If he can-
not maintain order near the interna-
tional boundary, he must allow us
to do it. Otherwise, he makes common
cause with the bandits and assumes
responsibility for the raids into our
territory.

Carranza is ungrateful and stupid
beyond any record. While Villa was
fighting his battles, and after the two
made war on each other, Villa was
willing to listen to us. He treated
our representatives with courtesy
and acceded to our suggestions. Carr-
anza treated us with discourtesy.
Still he appeared to be the revolu-
tionary chief most likely to establish
popular government in Mexico, and
we backed him. We forced Huerta
out. We recognized Carranza. We
allowed him to transport his troops
across our soil. After the raids
across the boundary began we waited
six months for him to secure control
of the situation.

When we were driven to act
against the bandits we did not move
against Carranza, or his alleged gov-
ernment, or the Mexican people. We
moved only against the men who had
attacked our towns. It is incalcul-
ably stupid of Carranza to make the
cause of the bandits his own. He can
even yet have peace if he will sur-
render his prisoners, disavow the
fight at Carrizal and help us bag
Villa.

Message From Mr. Hughes.

(New York Times.)

Seconding resolutions pledging the
Union League Club of Philadelphia
to support the Republican national
ticket, Mr. William Potter, some-
time minister to Italy, brought this
large, vague message from the Re-
publican candidate for President:

"Last week I had the pleasure of
meeting Mr. Hughes, and the first
thing he said to me was this: 'I
want you to feel, and I want every-
body that comes in contact with me
or touches me to feel, that I will
give them an American policy, if
elected, that will cover everything
that the most loyal American ever
dreamed of.'"

Nobody doubts Mr. Hughes' Americanism and nobody's belief in
it will be strengthened by the blan-
ket promise the recital of which
"caused a storm of applause" to rage
among the sedate and solid Union
League of Philadelphia. No wood-
cocks are to be caught by these ro-
mantic springes. What American
policy other than Mr. Wilson's what
more American policy than Mr. Wil-
son's will Mr. Hughes pursue, if
elected? What un-Americanism,
what lack of Americanism, in Mr.
Wilson's policies can he specify in
his canvass? And how can he ex-
plain away the fatal fact that the
citizens of alien sympathies who
flock so noisily to him detest Mr.
Wilson for thorough, loyal, unyield-
ing Americanism, for the assertion
and maintenance of American
rights?

Football and Ethics.

(Pittsburgh Gazette-Times.)

A community that contributes an
attendance of nearly 30,000 persons to
its annual football classic cannot
fail to be interested in the code of
ethics which E. K. Hall of the rules
committee has announced will be at-
tached to the field regulations for
1916. Until recently none but a
joker would have associated ethics
with the great college game, but so
radical have been the changes for
the better that Mr. Hall's code is
worthy of serious consideration. The
fact that his committee represents 14
colleges and universities of the East
and Middle West gives its action
standing.

The central idea is to rid a gen-
tleman's game of the mucker or
suppress his natural inclinations and
play the game of a gentleman. For
example, holding an opposing play-
er is against the rules and the side
caught doing it is penalized, but in
spite of the penalty, holding has al-
ways been practiced, the offender
gambling on the chance that the of-
ficial would not see it, thereby
gaining for his side some temporary
advantage at the sacrifice of char-
acter in short.

The new code of ethics puts it up
to the man not to cheat. Its argu-
ment is that cheating, whether it be
in examinations, at the card table
or on the gridiron.

Public opinion has driven the
slugger from the football field.

Finish the Limerick.

Advocate readers are now sending
in their suggestions for this week's
missing line limerick. Please re-
member that no suggestion received
after 6 p. m. next Friday will be
considered. A dollar prize will be
given. Finish the verse:

The Advocate's Melting Pot

A good word is an easy obligation;
but not to speak ill requires only our
silence, which costs us nothing.—
Tillotson.

HOME SWEET HOME

are anticipating with delight inex-
pressible the Thanksgiving turkey,
about the only thing that will be left
of the Republican party will be a sad
memory and two little bunches of
whiskers.—Houston Post.

But why "little bunches"? Tell us
not that these luxuriant crops are
about to be decimated by the shocks
incidental to the coming battles of
chins.

"Unquiet Men's Make Ill Digestions."
Sometimes the table's full of eats.
And we try gastronomic feats
Of eating more when we've enough.
This puts Old Stomach in a huff.

Wasteful War.
While we, Alth Woodrow Wilson,
"watchful, waited,"
William, without waiting, with whole
wide worlds
Waged wilful war.
War, wanton, wastes. Worn white with
woeful want
Wan widows weep.
Way fares westward wander, wretched,
weak
With weariness; withling with weather
warm.

Winning when whistle wintry winds,
Winced warfare whir, whence wicked
weights whirl whizzing.
Wire woven webs wound warriors
wittling.
Who, without weariness, without
waving,
Wield weapons wrathfully.
What, whilom wholesome, withers
woefully.

Why who would winnow wheat?
Whereas within
Wide wastes wave worthless weeds.
Weird winds wail where, within wreck-
ed, worthless walls,
Walls windowless, white, wraith-like
womankind.

Wave-washed, wide wreckage, wrecked
wantonly.
With warning wilfully with-held, withal
Whelem waterways' waste wilderness
with wavelon.

What wretchedness! What want! What
world wide waste!
Who, who, will win. When will war
wane, we wander.

—Stella Case Bell.

Did You Know
That sticking-plaster or court-
plaster, is made by mixing together
solutions of isinglass in hot water,
and gum-benzoin in rectified spirit,
and spreading the mixture on mus-
lin, silk or other strong material. A
layer of a solution of chian turpen-
tine in tincture of benzoin is ap-
plied to the other side of the silk.
Adhesive-plaster is made of a mix-
ture of melted soap, lead plaster, and
resin, spread upon muslin by means
of machinery.

ANNOUNCEMENTS

The following candidates are an-
nounced for nomination subject to
the decision of the Democratic voters
at the primary election, August 8,
1916.

Representative to Congress.
WILLIAM A. ASHBROOK.
JOHN F. KRAMER.

State Senator.
J. HENRY MILLER (Newark).
CLYDE REASONER (Zanesville).

Representative.
AUSTIN ORR.
L. C. DAVIS
JAMES J. HILL

County Auditor.
FRED S. WILSON.
J. S. CLIFTON, Etta Township.
FRANK F. ORR.
SETH W. HAIGHT.

Sheriff.
R. L. PATTON.
JOE E. BROWNFIELD.

County Treasurer.
WILL H. MILES (2nd Term)

County Recorder.
WILLIAM A. FLEMING.
WALTER S. AYRES
ALBERT WARNER.
GEORGE L. MILLER.
DR. S. S. RICHARDS.

J. C. BUTT

Republican Announcements

County Recorder.
JESSE T. REES

Spirit of the Press

Bull Moose Vote.
Various parties are figuring on
getting the Moose vote about as fol-
lows: Socialists, 10 per cent; Pro-
hibitionists, 20 per cent; Democrats
30 per cent, and Republicans, 90
per cent, which makes 150 per cent.
The rest of the Moose, it is presum-
ed, will stay at home.—Kansas City
Star.

Conventional History.
The Republican Convention—Any-
body but Roosevelt.
The Progressive Convention—No-
body but Roosevelt.—New York In-
dependent.

Patriotism.
There is no lack of patriotism in
this country. If there is hesitancy
in enlisting it is because of the
clause in the new army bill which
ties the volunteer up for six years.
—Columbus Citizen.

For all further news of the war and the peace, see the Advocate.

NEWARK MASONS TO ZANESVILLE FOR BIG PICNIC

The Masons of this city, or a number of them at least, will go to Zanesville tomorrow to join with the Masons of that city in their big annual picnic. This is usually held on St. John's Day but as that event fell on Saturday this year, it was decided to postpone the celebration until Thursday, June 29, that day of the week being a holiday among many of the business houses of Zanesville and Newark and consequently will give the affair a larger attendance than any other day in the week. Last year the Masons of Zanesville broke over their annual custom of observing St. John's Day with a big picnic in the city of Zanesville and the dedication of the new Masonic Temple in Newark and with their two big lodges and the presence of the Cyrene Commandery, Knights Templar, they swelled very much the large crowd which was here on that day. This courtesy on the part of the Zanesville brethren meets with a responsive feeling on the part of the Newark Masons and they feel as though they should reciprocate this year with a large number in attendance on that occasion. The day's program includes reception at depots from 9 a. m. until arrival of trains bearing visitors; 10:30 parade. In the afternoon the program at the park will include addresses by John P. McCune, past grand commander of the Knights Templar of Ohio, and commander-in-chief of Scioto Consistory A. A. S. R. Chas. J. Preitzman, past grand master of the Grand Lodge, both of Columbus F. & A. M. both of Columbus and Ill. Frank L. Beggs of this city. There will also be sports of all kinds and a general good time is promised all who attend. Mr. Highfield, chairman of the reception committee called up the secretary of Acme Lodge this morning to find out how many were going and their method of transportation. He was informed that none would walk but auto, B. & O. and traction line would carry them. All who can possibly go would make arrangements to reciprocate the courtesy shown Newark last year.

Society

The following letter from Mrs. Prentice E. Rood, director of Press for the Ohio Federation of Women's Club, will be read by local club women with interest. It concerns the recent national convention held in New York, which incidentally took a bit of enthusiasm out of the women in their fight for equal suffrage. The 13th biennial of the General Federation of Women's Clubs is now a matter of history and looms in the mind's eye much like a cubist picture representing haste to catch subway trains, electrical and surface cars and taxis in a vain endeavor to be in three places at once. In the election Ohio went down to defeat, and for the benefit of those loyal clubwomen unable to be in attendance it may be of interest to know some of the conditions which brought about such an overwhelming majority for the successful candidate. The immense auditorium, the Seventh regiment armory, was beautiful to look upon, but not enough of any address or report could be heard to enable the delegates to present upon their return to their clubs a continuous account of the proceedings. Conference held simultaneously precluded hearing much that was fine. Consequently from the first session a revolution arose which grew in intensity each day until approximately 800 delegates, coming within a day's ride of New York, returned to their homes before the morning of the election. Most of these women were favorable or pledged to Mrs. Sneath. Those delegates coming from greater distances, especially beyond

What Is Uric Acid? THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" has proved to be 37 times more potent than bicarbonate and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," or send 10 cents for a trial package of "Anuric" Tablets. If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's "Anuric" Tablets. Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for "Blood and his Favorite Prescription" for the ills of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Day. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bloating, Acidity, and all disorders of the Liver, Stomach and Bowels.

the Mississippi, remained for the opportunity to enjoy New York and the various trips offered, and were therefore in evidence on the decisive morning. One of the strongest arguments used by our opponents was that our candidate had not the privilege of the vote and could not therefore serve the Federation as California's candidate. While believing in equal suffrage, Mrs. Sneath frankly declared that it should not be made an issue in the Federation, consequently the ten states in which women are permitted to vote were soon lined up on the opposing side. Fifteen years ago at Los Angeles the question of admitting the colored clubs into the Federation was decided, supposedly never to be brought up again. The rumor that Ohio favored the admission of these clubs created great excitement, especially among the southern delegations. This rumor was launched the afternoon before the election, too late to be denied, and undoubtedly lost to Mrs. Sneath at least 500 votes. Living one-third of each year in the south no one knows better than she the conditions which would make such a plan impossible. While many amusing things were said during the campaign, this was an inexcusable untruth difficult to overlook. When the amendment to the constitution, providing for a director from each state on the board, was passed, Mrs. Sneath felt inclined to withdraw from the race, knowing how unwieldy a directorate body such a plan would involve. Only her loyalty to Ohio prevented this action on her part. Ohio has nothing to regret in the dignified campaign conducted by her delegation. She felt justified in presenting as a candidate for the presidency one who had served the General Federation with fine wisdom and keen judgment. That her candidate was defeated was no surprise to her friends when they found themselves coping with the insurmountable ways peculiar to experienced politicians. She has learned that conservative methods accomplish nothing in the great game, and many are less keen about suffrage since their visit to the biennial.

Mr. and Mrs. W. H. Pittsford entertained at their home in the Welsh Hills on Sunday, June 25th in honor of Mr. and Mrs. Floyd Morrison. The following were guests: Mr. and Mrs. J. C. Morrison, Mr. and Mrs. George Morrison and son Forest, Mr. and Mrs. John Wickham and son Harold, Mr. and Mrs. J. C. Lamson and daughter Beryl and Edris, Mrs. Hannah Jenkins and Mr. Henry Hillbrand.

The wedding of Miss Garnet Morrow of Marietta, and Dr. B. E. Creighton of Hudson avenue will be solemnized this evening at the home of the bride's parents in Marietta. Dr. and Mrs. Creighton will return to Newark the latter part of the week and will be at home in North Fourth street.

Miss Mary L. Miller is entertaining at her home, 99 West Church street today with a sewing party, honoring Mrs. G. N. Safford of Rockford, Ill., and Misses Sallie and Nora Kaffor of Columbus, Ind., who are cousins of Miss Miller.

Westlake-Lightle The wedding of Miss Hazel Lorraine Lightle and Mr. Charles L. Westlake, was solemnized at 10:00 o'clock Wednesday morning at the parsonage of the Central Church of Christ, Rev. W. D. Ward the pastor officiating.

The bride is the daughter of Mrs. Cora Lightle of Beech street, while the bridegroom is the son of Mrs. Lillie Paulk of 93 Flory avenue. Mr. Westlake is employed as a machinist at the Wehrle company. The couple will live at 93 Flory avenue.

The City Federation of Women's Clubs will hold an open meeting in the garden of Mr. and Mrs. Henry Fleck "Ingleside" in Hudson avenue, Thursday afternoon, June 29 at 3:00 o'clock. If the weather is unfavorable the meeting will be held indoors, and every member of the federation is invited.

Miss Marjorie Lawhead entertained with a delightful bridge luncheon Tuesday afternoon at her home in West Main street. The luncheon appointments were yellow and red, daisies and yellow roses. The bridge game was awarded to Miss Bertha Latimer. Miss Lawhead's guests numbered sixteen.

Miss Helen Fuller entertained the members of the L. W. club with a porch party on Tuesday afternoon in honor of Miss Mildred Baker, who leaves next week to make her future home in Columbus. The hours were devoted to needlework and dainty refreshments were served the members and following guests: Misses Helen Loose, Elinor Johnson, and Virginia Martin.

The wedding of Miss Julia McCarty and Mr. Arthur P. Hudson will be solemnized at St. Francis de Sales church Thursday morning, June 29 at 8 o'clock.

Crawford-Ferguson. Tuesday at the home of Mr. and Mrs. Andrew J. Ferguson in Evans street, Miss Leona Fay Ferguson was united in marriage to Mr. Walter Gray Crawford.

At six o'clock, to the strains of the "Bridal Chorus" from Lohengrin, played by Mrs. Carl Helm, the bride party led by Little Miss Leona Mae Helm, in white net and tulle, carrying the wedding ring, entered the front parlor. Miss Glenna Ferguson, sister of the bride, was crowned in white marselette, with a corsage bouquet of pink rosebuds, served as maid of honor. The bride was lovely in her gown of white organdie and flit lace trimmings. She wore a corsage bouquet of white rose buds. At the altar, which had been erected in the archway, they were met by the groom and his attendant, Mr. Ernest Crawford. Rev. L. C. Sparks read the impressive ring ceremony, after which the guests were served a course dinner. The bride's table was covered with a crystal canopy of pink roses.

ted with pink tulle. The table was beautiful was enlaid pink candles in crystal holders. Dainty hand-painted place cards seated the guests, who were the immediate friends of the family. Mr. and Mrs. Crawford left immediately for a western tour. Mrs. Crawford wore a blue taffeta suit for her going-away gown, with a Panama hat. She is the oldest daughter of Mr. and Mrs. A. J. Ferguson and for a long time was employed at the Edmonston book store, where she made a host of friends by her charming personality. Mr. Crawford is employed as a pattern maker at the B. and O. shops. He is the son of Mrs. Jennie Crawford of South Fifth street, this city.

Miss Edna Kine was pleasantly surprised Monday evening at her home in 27 Polaris avenue. The affair being in honor of her birthday. The evening was very pleasantly spent in music and games. At a late hour refreshments were served to the following guests: Misses Grace Hoodlet, Kathryn Hoodlet, Helen Baughman, Marguerite Pfeil, Charlotte Marvin, Beatrice Tompson, Thelma Sykes, Mabel Nerger and Edna Kine. Messrs Donald Helmke, Albert Black, Merrill Larson, Harold Hiatt, Albert Elliott, Joe Markel, James Cunningham, Robert Brady, Ralph Price, Russell Kine.

"Reverend David Roberts of Glendale, who officiated at the wedding of her parents twenty-three years ago, read the service yesterday when pretty Miss Jessie L. Mayr became the bride of S. M. Morse, superintendent of the Columbia Copper company.

"The marriage took place at the home of Mr. and Mrs. O. C. Mayr in Laveen, and their daughter made a charming bride in her dainty bridal finery. Only the relatives witnessed the simple but impressive ceremony, immediately after which Mr. and Mrs. Morse left for the coast where they will pass their honeymoon. The Mayr came here a few years ago from Whittier, Cal. Miss Mayr attended the local schools and was graduated from the high school two years ago. She is unusually clever and has decided musical ability. Mr. Morse is at present superintendent of a mining company with headquarters in Tucson, where the young people will be at home after August 1."—Arizona Republican.

Mr. S. M. Morse is the son of Mrs. Emma A. Morse of Hudson avenue. He has been following mining engineering in the west for the last seven years.

Old Time Witchcraft. Jane Wenham was indicted at the Hertfordshire assizes on March 4, 1712, for "conversing with the devil in the form of a cat," under the provisions of the act of 1604, repealed in 1736. Her prosecutors wished to have her also indicted for practicing witchcraft to the harm of Ann Thorn, a servant girl sixteen years old, but this was not allowed, although evidence was produced at the trial to show what injury had been done the victim by means of crooked pins and by placing cakes and cats' hair in Ann Thorn's pillow and how the prisoner had caused the death of some cattle simply by walking through a turnip field.

The jury brought her in "guilty," and Justice Poulter passed sentence of death, but took steps to quash the verdict. Wenham's prosecutors published an account of the case, but their arguments were pulverized by scientific men. Jane Wenham herself was liberated and taken under the protection of Colonel Plummer, who gave her a cottage, and we are told by Dr. Hutchinson that in 1720 the whole country was fully convinced of her innocence.—London Spectator.

Double Action Waterfall. There are a good many salt water cataraacts in existence. They may be found in Norway, southern Chile and British Columbia, where narrow fjords, or arms of the sea, are obstructed by barriers of rock. The rising tide flows over the filters through such reefs into the great natural reservoirs beyond, but the water is held back at the ebb until it breaks over the obstruction in an irresistible torrent. Most curious of all is the waterfall at Canoe passage, where the island of Vancouver approaches the British Columbia mainland. Here the floodtide from the gulf of Georgia to the southward is held back at a narrow cleft between two islands until it pours over in a boiling cascade eighteen feet high with perhaps double the volume of the Rhine. At the turn of the tide, however, the waters from the north rush back into the gulf, producing a cascade of equal height and volume. The waterfall actually flows both ways.—Baltimore Sun.

Try Jap Rose The wonderful "Sunday Morning Bath" Soap

SPECIAL FOURTH OF JULY SALE On all trimmed hats and millinery Thursday, Friday and Saturday of this week, also Monday of next week. Store will be closed Tuesday the 4th. CLOUSE and SCHAUWEKER, 42 Hudson avenue. 4-3443.

The Sick. Emmaline Billow, daughter of Mr. and Mrs. Joseph Billow of Wehrle avenue was removed to the Bradley ambulance from the office of Dr. J. T. Harbottle to his home yesterday following a minor operation.

ROTARIANS MET AT WEALANT HOME TUESDAY EVENING

Every member of the Rotary club who was in town attended last night's session at the Wealant home, east of Newark.

The garage festooned for the occasion, was arranged as a dining room and during the service the High school orchestra, led by Warren Wealant, Jr., played delightfully. A group of the Italian greenhouse workers entertained the visitors with their songs and dances and then President Jones in a happy speech introduced "Mysterious Moore"—our own Ernest Moore—who entertained the party with his marvelous magic. Mr. Moore, who ranks with the topnotchers, if indeed he is not at the very top of the ladder, performed some perfectly wonderful stunts and with it gave a "line of talk" that made the program complete. Mr. Moore introduced no threadbare tricks, nor did he have a lot of cumbersome paraphernalia, but standing within two feet of his audience performed some wonderful feats with cards, coins, slips of paper, a lemon, handkerchief and tumbler. Tearing the corner of a dollar bill, first letting the audience copy the number of the bill, he succeeded in plain view of the party in getting the dollar in the center of a perfectly solid lemon. Borrowing a knife he sliced the lemon and handed the dollar back to the man who loaned it. The trick was more cleverly done than was Keller's famous stunt of tying a ring around a guinea pig's neck in a glass bottle. Mr. Moore has just returned from the Pacific coast to visit his mother, Mrs. Louise Moore, who is spending the summer at Buckeye Lake.

Before adjourning the members present contributed a dollar each to the fund which is being raised to pay for the Buckeye Band and other expenses connected with the celebration of July 4th.

Mr. Beall, Mr. William Baker, and Mr. Frank Baker, Zanesville Rotarians, were guests of the Newark club last night.

Personal. Miss Bertha Hopp, Stanley Stanley F. Schick and Howard Gaub left this morning to attend the state convention of the Luther League at Alliance, O. Howard Gaub of the American Tribune force, is visiting relatives in Cleveland. Mr. and Mrs. James Hunt and children, of Columbus Grove, O., have returned home after a several days' visit with Harry Fulton and family. Adam Boner of South Second street has gone to Huntington, W. Va., to spend the summer. Charles C. Starrett, of West Church street, who was graduated from Denison University with this year's class, has gone to Akron where he has taken a position in the office of the Firestone Rubber company.

Mrs. John Fitterer of Terre Haute, Ind., who is visiting at the home of her father, Mr. Henry C. Richardson of Maple avenue, has gone to Coshocton, Ohio, to spend the week end with her brother, Mayor Richardson. Mr. and Mrs. Wallace Neibling of Dowers avenue, have gone to Akron to spend a few weeks with the latter's brother and expect to spend a week at Springfield Lake. Baltimore, & Ohio ticket agent W. C. Wilson, accompanied his wife as far as Chicago last night on her way to Trident, Montana for a several weeks' visit.

Mrs. F. B. Kennedy left last night via the Baltimore & Ohio lines for Aberdeen, S. D., for a visit. Mrs. Ernest Cochran left last evening for Chicago for a visit with friends and relatives. C. A. Davidson left last night via the B. & O. for Chicago. Miss Mary Alice Smith of Iron-ton, O., who was here to attend the Hudson-McCarty wedding, is the guest of her aunt, Mrs. Gillen Alexander of Grant street. William Webber of Brooklyn, N. Y., was a business visitor in the city on Tuesday. Edward Fallon, who is employed in Steubenville spent Tuesday with his parents in Eighth street. Miss Irma Alspach of Eleventh street is spending the day in Columbus. Miss Florence Davis, a surgical nurse of the Polytechnic Hospital of New York, will arrive in the city tomorrow to be the guest of her cousin, Miss Nellie Frenier of St. Clair street. Miss Mildred Adams of Cleveland will arrive in the city this evening to be the guest of Miss Camille Windle of North Fourth street. Miss Edith Mikenhaus of Dayton, will be the guest of Miss Mildred Robe of Woods avenue for a few weeks. Henry Brumbach of Fredericktown is the guest of Ralph Brumbach for a few days. Mr. and Mrs. Frank Ruehler have been called to Coshocton by the serious illness of Mrs. Ruehler's brother, Mr. John Shaw. Mrs. Geo. Neal of Boston, Mass., is the guest of Mrs. Frank Ruehler.

Life becomes as the stars in the sky. Reason for Complaint. "I keep the best bread," said a certain baker the other day to a poor fellow who complained of the inferior quality of the article he had purchased of him the day before. "I do not doubt it," replied the customer. "Then why do you complain?" asked the baker. "Because I would suggest that you sell the best bread and keep the bad," was the reply.—Pittsburgh Telegraph.

Two cigars made before the Civil War are owned by a Cleveland man. Their maker was killed in battle and the possessor of the relics, a relative, places a high sentimental value on them.

Wet Weather and Camels. Camels are very sensitive to moisture. In the region of tropical rains they are usually absent, and if they come into such with caravans the results of the rainy season are greatly feared. The great humidity of the air explains the absence of the camel from the northern slopes of the Atlas and from well wooded Abyssinia. This sensitiveness expresses itself in the character of different races. The finest, most noble looking camels, with short silky hair, are found in the interior of deserts, as in the Tunaregion in north Africa, and they cannot be used for journeys to moist regions. Even in Fezzan, south of Tripoli, the animals are shorter and fatter, with long coarse hair, and in Nile lands and on coasts it is the same. These animals, too, are less serviceable as regards speed and endurance.

Some Evidence. "You say that preparation will make the hair grow?" asked the thin haired man of the druggist. "Why, say," came from the drug man, "I know a customer who took the pork out of a bottle of that stuff with his teeth, and now he's got a hair-clip."—Yonkers Statesman.

make corn easier with wheat, though prices held close to the opening figures which were from a shade higher to a shade lower. Selling pressure was heaviest on the December product. Cuts opened unchanged to a shade lower with favorable crop reports and little market pressure. Provisions averaged a little lower. Trade was light and the hot receipts exceeded the estimates.

Chicago Provisions.
(Associated Press Telegram)
Chicago, June 23.—Butter, lower; receipts 20, 1st; creamery extras, 27.00; extra firsts, 26.00; firsts, 25.00; 2d, 24.00; seconds, 23.00; 3d, 22.00; unchanged; receipts 19, 12 cases.
Potatoes: higher. New receipts 50 cases; Oklahoma and Arkansas sacked (100 lbs.) 1.00; Virginia sacked 1.00; 2.00.
Poultry: alive lower; fowls 16.00; springs 23.00; 26.00.

Traction Engines Equipped With Pneumatic Tires May Use Asphalt Streets Now

Owners of traction engines who want to use the new asphalt or tarvia streets must equip their engines with pneumatic tires on these streets, which was passed on suspension of rules at last night's meeting of city council.

The ordinance was worded to include all vehicles weighing more than 3 1-2 tons, including trucks, buses and traction engines, "unless equipped with pneumatic tires," and when this clause was read there was a laugh among the councilmen. However, the measure was passed without a dissenting vote, after Solicitor Norpell explained to the members that the regulation was constitutional. Councilman Curry, in a statement to council, said that the same traction engine had been driven over Hudson avenue three times in the past ten days and that residents were fearful for the safety of the new pavement. The ordinance prescribes a fine of \$10 to \$100 for its violation.

Council also voted to compel property owners to remove at their own expense, trees along the street which were deemed dangerous because of dead limbs or poor roots.

The proposition from the gas company, suggesting a settlement of the litigation regarding the gas rate, involving the distribution of more than \$200,000 in an escrow fund held by W. C. Metz as trustee, was received and filed. No action of any kind was taken on the proposition.

Notes and bonds amounting to a little less than \$100,000 were authorized to pay for street improvements.

The long expected report on the condition of the fire trucks at headquarters was promised for the next meeting of council. Mr. Beadle, chairman of the special committee stated that new information had been secured which it was thought important to include in the report, which had been delayed because of illness in his family. The proposed bond issue for motor apparatus for East Newark also was delayed until the next meeting.

Weather was too warm last night to bring out many citizens at the adjourned meeting of council and scarcely a half dozen men, other than city officials and members of council were in the chamber.

The street committee recommended that property owners be compelled to remove all dead or dangerous trees and that property be secured to extend Bolton avenue. The report was filed.

R. L. Tannehill addressed council on the proposed extension of Bolton avenue, urging that the proposed Norton avenue subway be carried to completion. Property already has been secured for the proposed improvement and North End residents are anxious to see the subway constructed.

City Engineer Wells reported a revised estimate of the cost of the Poplar avenue sewer. The new estimate shows the total cost to be \$2,500. He reported a supplementary estimate on the First street paving, where residents have changed their minds regarding the material to be used, selecting brick instead of Tarvia. The additional

cost is \$1,000, \$845 to be paid by property owners and \$155 by the city. He also submitted an estimate of the cost of the Harrison street relief sewer. All the reports were filed.

Clerk Woodward reported the service of notices for the Moult street paving. He asked authority to invest \$225 of the cemetery endowment fund.

The gas company by its attorney, Judge L. M. Douglas, of Mansfield, and Fitzgibbon & Montgomery of Newark, submitted a proposition to settle the gas litigation now pending in the United States Supreme court on a "fifty-fifty" basis. The company agreed to use a portion of its share of the \$200,000 in the escrow fund to build a 16-inch pipe line to connect with the large main near Granville. The latter said it would cost the company \$2,000 to print the records in the case and asked an early reply to the proposal. The letter was filed.

Councilman Curry's ordinance forbidding the operation of vehicles weighing more than 3 1-2 tons on streets paved with asphalt or Tarvia. The ordinance also included traction engines or other such vehicles unless equipped with "pneumatic tires." This brought a laugh, but council after a brief discussion, passed the ordinance on suspension of rules.

An ordinance to issue notes in the sum of \$69,885.73 in anticipation of the collection of special assessments, for certain street improvements, was passed on suspension of rules.

An ordinance to issue bonds in the sum of \$24,000 to pay the city's portion of street improvements, was passed on suspension of rules.

An ordinance determining to proceed with the paving of South Cedar street was passed on suspension of rules.

An ordinance to proceed with the paving of Moult street was passed on suspension of rules.

The ordinance to pave Wyoming street was on second reading. A motion to pass on suspension of rules, was lost, Messrs. Stael and Seward voting no.

The ordinance to issue bonds to purchase a motor truck for East Newark was laid on the table until the next meeting.

A resolution by Mr. Knauber, instructing the clerk to notify E. T. Rugg to remove a tree in Church street, near Elmwood court, and Walter Gregg to remove a dead tree at Granville and Ninth streets, was adopted.

Mr. Adams' resolution, directing the Engineer to establish the grade of Tenth street from Hoover to Log Pond run, was adopted.

Mr. Alexander's resolution authorizing the auditor to pay a bill for fire racks for the police auto, was adopted on suspension of rules.

Mr. Adams' resolution to appropriate property for the extension of Central avenue, was adopted on suspension of rules.

Mr. Curry's resolution, authorizing the Service Director to cut down a tree in front of 204 Hudson avenue, was read second time and allowed to go over.

FORMER LICKING COUNTY DOCTOR'S WONDERFUL CURE

"HE WAS A BUM."

"His age was 30, and for the last six years of his life, following a severe attack of pneumonia, he had not done a stroke of work. Twenty drinks of whisky was his usual portion—when he managed to get the price. He used to come for support, and his hands trembled so that for years he had been unable to shave himself. His memory had failed until he could scarcely recall the names of his oldest acquaintances. Physicians had been unable to aid him, although his family had sent him to some of the leading practitioners of Chicago, where he lived. At last they gave up in despair. Not only was he looked upon as the laziest person in his community, but in general he was regarded as absolutely worthless—a man beyond redemption.

"Then a student in the National Emergency Hospital, Chicago, heard of him. He knew that Dr. L. D. Rogers, dean of the college, had been quietly experimenting with a wonderful new system of blood treatment, which was, in effect, the treatment of the patient's blood with the patient's own blood. It looked like a good test case and he finally persuaded the man to go to the hospital and take the treatment.

"In a few weeks the man was so completely transformed, rejuvenated that his friends could hardly believe their eyes. His appetite for whisky was entirely gone, he had gained 10 pounds in weight, his step was sprightly, his hands had lost their trembling, and he was regularly doing eight hours manual labor a day.

This little narrative from the Sunday Magazine section of the St.

Louis-Post Dispatch, tells of the first wonderful cure effected by Dr. L. D. Rogers, former well known Licking county man, who now occupies a niche in the hall of fame along side of other famous specialists of the medical profession.

Dr. Rogers, after leaving this county, at an early age, went to a number of years surgeon in the Cook County Hospital, Chicago. For 20 years he was a senior professor of surgery in the National Medical University, and later chief of the National Emergency and Maternity hospital. He was first president of the American Cancer Research society, and vice-president of the Chicago Society of Medical Research.

Briefly, Dr. Rogers' new system of blood treatment consists in making a serum or solution in which there is some of the patient's own blood. Five drops of blood or some multiple of five are taken from the finger tips or from a vein, usually one in front of the elbow, and added to 19 times as much absolutely pure water. When ready for use the serum is colorless, odorless and tasteless. Dr. Rogers is also authority for the statement that there is no known chemical test sufficiently delicate to determine its contents.

Dr. Rogers has effected some wonderful cures, chiefly among children where they have not been expected to live more than one month.

Dr. Rogers writes the Advocate that he hopes to be able to send a copy of his new book on Auto Hemic Serum, within a week. It went to press June 25.

LIQUID IRONDOC MAKES YOU STRONG

Ignorance Rebuked.

"Where did you get that stuff, kid?"

"I was taught it."

"Taught it?" Who learned you to talk that way?"—Kansas City Journal.

HOMER

Preaching services at the Baptist church next Sunday morning at 10:30. Sunday school at 9:30. Prayer meeting, Tuesday evening.

Services at the M. E. church Sunday evening at 8. Sunday school at 9:30 a. m. Prayer meeting Wednesday evening.

Mr. and Mrs. Earl Harris have gone to Ashland for a few days.

Mrs. Meade Edman who has been visiting in Newark has returned home.

Mr. and Mrs. Charles Van Rhodin were entertained to dinner at the home of Mr. and Mrs. Ray Patton, Sunday.

Mr. and Mrs. A. L. Totten and Dr. Coleman were in Newark, Saturday morning.

Miss Ruth Nieble visited her friend Miss Adeline Welch, Sunday.

Mr. and Mrs. Clendon William and daughters, Francis and Ruth visited at the home of Mr. and Mrs. J. D. Weaver, Sunday.

Mr. Charlie Edman and family of Newark after visiting his brother, Mr. and Mrs. Will Edman and family has returned home.

Mr. and Mrs. Oscar Vance and grandson, Wayne Berger, from near Fairview were the guests of the former's sister, Miss Mary Vance, Sunday.

Mr. and Mrs. James Edman called on Mr. and Mrs. Charles Edman, Wednesday night.

Miss Bernice Catt of Newark, visited her uncle Mr. M. R. Catt, Jr., Sunday.

Mr. J. O'Connor and Miss Therissa Smith attended the Marple reunion at Chatham, Saturday.

Mrs. Charles G. Nieble and sister Mrs. J. F. Iden of Newark were the guests of Mr. and Mrs. John Cast, Sunday.

Mr. and Mrs. A. L. Totten and two children Ermine and Irene will spend a few days at Delaware, O., and Columbus.

HUNDRED NEEDED FOR JULY 4TH

The committee which is arranging a program for July 4 somewhat similar to the program of last year at White Field, needs \$100 to pay for the Buckeye band and incidental expenses of the occasion. Dollar subscriptions are invited. Cash may be sent to this office. Subscriptions to date:

(Cause of Wrath.)

Jones (to his grocer)—"You seem angry, Mr. Brown."

Brown—"I am." The inspector of weights and measures has just been in.

Jones—"Ha, ha! He caught you giving fifteen ounces to the pound, did he?"

Brown—"Worse than that. He said I'd been giving seventeen."

Tit-Bits.

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

DOCTORS WANTED TO MAKE FIGHT AGAINST TYPHUS

(ASSOCIATED PRESS TELEGRAM)

Washington, June 23.—Additional medical men to examine refugees from Mexico and to care for Mexican prisoners in event of hostilities are being sought by the United States public health service. Examination for physicians and surgeons will be held in the principal cities of the country probably early in July, it is announced.

Typhus fever, smallpox and yellow fever are to be guarded against particularly and it is feared these diseases may be carried either by refugees who will be landed at American ports or by Mexicans who may be brought across the border.

LIKE A BOY AT 50 BUBBLING OVER WITH VITALITY—TAKING IRON DID IT

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 300 per cent. in two weeks time.

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 30 and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking Nuxated Iron had not only him with renewed life. At 30 he was in bad health, at 40 catatonic and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent nostrums and nauseous concoctions, and take simple Nuxated Iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous rundown people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles from ten to fourteen days time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or chloride of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may do more harm than good. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and used Nuxated Iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

Useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and used Nuxated Iron before he went into the fray, while many another has gone down to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

PUBLIC WELFARE BUREAU FORMED IN LICKING CO.

The Public Welfare Bureau of Licking County became a reality Monday noon when in a joint session in the Hibbert & Schaus building the board of directors of the Licking County Humane Society and the board of managers of the Associated Charities of Newark completed the organization by the election of the following officers and executive committee.

E. C. Wright, president; E. M. Baughner, vice president; Wm. E. Hopkins, superintendent and general secretary.

The purpose of the bureau is (a) To acquire and preserve records of welfare work within the county. (b) To engage in such activities as are common to the federation, and (c) To co-ordinate their work on the basis of economy and efficiency. The executive committee will present a plan of co-operation and a program of work to be undertaken in the autumn.

The new board of managers of the Associated Charities, as announced last week, elected J. N. Pugh in place of Dr. C. L. Wyeta who was unable to serve and the following officers for the coming year were chosen:

E. C. Wright, president; Mrs. Henry S. Fleck, vice president; F. L. Johnson, secretary; J. N. Pugh, treasurer; Wm. E. Hopkins superintendent.

Remaining members of the board are: Mrs. A. S. Mitchell, Mrs. W. D. Fulton, Mrs. W. C. Miller, Wm. Trout, Wm. H. Morgan, J. B. Thomas, E. M. Baughner, C. M. Baughner. The board of directors of the Licking County Humane Society are as follows: Chas. C. Metz, president; L. G. Woodruff, first vice president; Dr. W. A. Funk, second vice president; Wm. E. Hopkins, secretary and officer; Ernest Cornell, treasurer; Phil B. Smythe, attorney; Rev. C. B. Schmitt, Charles J. Ward, Jr., John S. Fleck, A. S. Mitchell, E. C. Wright, T. A. Fisher, Alexandria Thomas Bucy is employed as the agent of the society.

It will be seen that here are 21 citizens of Licking county who have pledged themselves to the betterment of every condition of welfare. For the present, the two societies must maintain their identity, but as social legislation in the state is modified, the bureau will develop into a strong united body which must be reckoned with in all civic affairs.

A step in this direction is the organization of a citizens' committee to meet with and advise in the work of the bureau. Several strong members have already been selected and the names will be announced in the autumn. From this committee, new board members will be chosen in the future until the bureau has a representative in every section of the county.

The function of this bureau will be to enforce the punishment of those who violate the laws relating to the treatment of helpless children, adults and animals, although it will vigorously promote this work through the humane board. Its aim will be also to secure kindly treatment of all mankind and animal until the welfare of both will be held the first interest of society; when, instead of having to employ an officer to enforce laws safeguarding the common welfare, every man shall regard himself as his brother's keeper and love shall be the common protector.

The bureau, in addition to assuring economy in the administration of welfare services, offers to those who are called upon to subscribe to its funds an opportunity to designate their gifts to such objects as they wish to promote. The bureau will conduct three departments of service, namely, emergency aid, community service and humane work. Gifts which are designated to either one of these forms of philanthropy will be deposited and used strictly for the purpose named by the donor. Some prefer the charity of material relief giving, while to others the highest form of charity consists in service.

The chief interest of others lies in the prevention of cruelty and neglect of children, of the aged, or of animals. Gifts to this work will be administered by the humane board and should be so designated by the donors. Membership fees in the humane society will remain as in the past, namely: one dollar per year for active or contributing members; five dollars for sustaining members; ten dollars for life members. The board solicits members of all classes as well as donations to its general fund.

The boards of these societies maintain a joint office and invite their patrons to call and get acquainted with the work. Complaints and all cases of need should be reported here. The office, during the summer, will be open mornings, but the afternoons are devoted to calling and other field work. Volunteer workers are needed to enlarge the work, and the scope of activities offers opportunity for men and women who can give some time to public service. The boards welcome all forms of help—both service and gifts.

Yours for a greater and better county and county seat,

Our Boys and Girls

Why is it that, as a rule, families are harsh and discourteous to those nearest and dearest to each other? I once knew two little brothers, fine, bright boys, but they had the repugnant habit of quarrelling often with each other. One day during a dispute, they became so angered that they fought and one scratched the other on the cheek leaving a very raw wound.

Before the place had time to heal, death claimed the child and never have I seen remorse so bitter or grief so keen as the living boy showed when he gazed on the marble-like face of his brother and saw the scratch that he himself had inflicted in anger.

Unkind words often leave a wound in the spirit deeper than blows or scratches on the flesh. Why cannot we practice more tolerance and kindness towards those we love best and be ready with praise for their virtues. This creates harmony in the home circle, and brings happiness to those we love.

Unselfish love is the fountain

from which all good things spring; let us show it to those in the home circle at least.

Difficulty at Scranton

Mrs. H. B. S., of Scranton, Pennsylvania, was in a bad condition. She could scarcely eat, and couldn't digest what she did eat. Her weight dropped to 97 pounds and she was anemic, very nervous and generally run down.

She found in LEMO a strengthening and satisfying nourishment that gave her the strength she could not get from ordinary food.

In two months she weighed 112 and looked healthy and was healthy and still is gaining.

Makes a delicious food drink by simply adding water.

We suggest that you try a 50c package with our guarantee of satisfaction.

CITY DRUG STORE, NEWARK.

Everyday Etiquette

"If I have seats in the center row at the theatre and the end seats arrive, should I turn my back up to the people I pass of face them? It seems impossible to pass them while facing them," was Aggie's query.

"If you are obliged to pass persons already seated, turn your back to the stage," said her friend.

Clever Pat went to a drug store to buy an empty bottle. She answered his purpose.

"How much?" he asked.

"Well," said the clerk, "if you want the empty bottle, but if you have it in it we won't charge the bottle."

"Sure, that's fair," observed Pat. "Put in a cork"—Country Gentleman.

Milady's Boudoir

The Outdoor Complexion.
While all out-of-door sports are as destructive to good looks as they are beneficial and up-building to the health it is safe to say that the motor girl reaps a larger collection of complexion ills than any of her lover of the out-of-door sisters.

One's hair, especially, suffers. Country traveling is usually a matter of tearing through billows of dust, while the hair, holding out its thousands of little fibres to catch the passing atoms of floating particles. After each trip the hair should be shampooed. Road dust must never be allowed to remain for any length of time in the hair. It will act as a drying agent, and in time the delicate shafts will break almost at a touch.

Before the shampoo the scalp should be well frictioned with hot olive oil, which detaches the dust and makes the shampoo more thorough. The best shampoo agent is white soap melted, with several beaten eggs added. The soap must be cool. Begin the rubbing with a vigorous rinsing with the bath spray. Dry the scalp quickly.

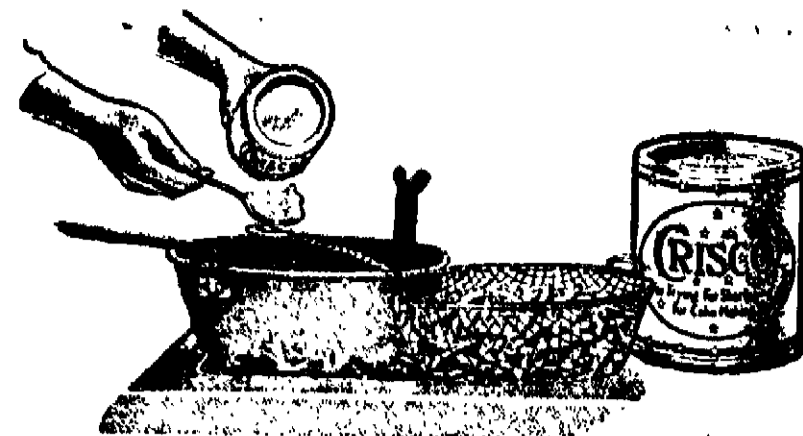

The "wash up cases" provides a comb and mirror, clothes brush and manette set, wash cloth and towel, soap and soap box, all as neat and compact as a little bug's ear and as convenient as a one-room flat. Everything within the touch of a hand and the length of an arm. The shops are showing "wash up cases," fascinating little affairs provided with a canvas bowl. Fancy the pleasure of bathing one's face al fresco of arranging the accessories of the toilet table on a grassy mound and dipping water from a clear, cool stream.

It is a good rule to oil the complexion before going out into wind and sun, and directly after coming in. It is like buttering a frying pan to keep one's dinner from burning. Where the skin is moist with cold cream the sun's rays cannot penetrate. This practice of rubbing an emollient is the very best form of discouragement to freckles, tan, sunburn, blisters and the thousand and one ills of the skin.

Must Be a Newly-Wed.

"How did you know your husband was working in the office?"

"I telephoned and Central said he was busy."—Philadelphia Evening Ledger.

For a Sweet Kitchen

Use **CRISCO**
For Frying—For Shortening
For Cake Making

When you fry with Crisco you have a kitchen free of smoke. And there is no odor from the fat.

Crisco does not smoke at frying temperature; you need not wait until it becomes "smoking hot." In deep frying, test for proper temperature with bread crumb or bit of dough before placing the food into the hot Crisco.

There will be no more burned specks in the food. Foods fried in Crisco are more wholesome; the crust forms immediately and then the inside bakes instead of soaks.

Crisco is all vegetable. It is a rich fat that readily digests. It is used not only for frying and shortening in place of lard, but for rich cakes in place of butter. Less is used in each recipe, because Crisco is so much richer. It stays fresh and pure in ordinary room temperature.

THE AMERICAN TOBACCO COMPANY

DR. WILLIAMS' PINK PILLS

There is a form of neurasthenia that follows the grip. Doctors call it "post-grip" neurasthenia. One of the foremost medical authorities of New York city in a lecture in the international clinics, said:

"Broadly speaking, every victim of the grip will suffer from post-grip neurasthenia also. Lowering of nervous tone with increased irritability is the most striking effect of the disease, lassitude of mind and body, disturbed sleep and vague pains in the head and elsewhere. The treatment calls for rest and a tonic."

Dr. Williams' Pink Pills, a non-alcoholic tonic, are particularly suited for building up the blood and strengthening the nerves after an attack of the grip. The rich, red blood expels the lingering germs from the system and transforms despondent grip victims into cheerful, healthy, happy men and women.

If you have had the grip get a box of Dr. Williams' Pink Pills now from the nearest drug store and begin the treatment at once.

On request we will send you a free pamphlet, "Building Up the Blood," which contains a chapter on the grip. Address the Dr. Williams Medicine Co., Schenectady, N. Y.

GERMS ARE DANGEROUS

Do not overlook the importance of having your home entirely free from disease germs which lurk in many places even in the most modern homes and become dangerous to good health. Every home should have a bottle of hypochlorite ready for instant use, as there is nothing so effective when applied to burns, scratches or bruises, because hypochlorite instantly kills the germs that infect the wound or bruise.

For acid mouths, for cleansing the crevices as well as the surfaces of the teeth hypochlorite is positively necessary.

Rinse the mouth and gargle with a few drops of hypochlorite and your germ escape throat troubles and other germ diseases and the mouth and breath will be clean and sweet.

Hypochlorite is used extensively in hospitals, by dentists and physicians and is sold by druggists most everywhere. It is the one thoroughly reliable antiseptic and should be in every home.

General Laboratories, Madison, Wis.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much, also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

EASY TO DARKEN YOUR GRAY HAIR

Try this! Brush Sage Tea and Sulphur Compound through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

FOLLOWERS OF VILLA JOINED CARRANZA

CLOSE WATCH ON FORMER ADHERENTS NOW REFUGES IN EL PASO.

Embargo on Food Stuffs Released as Shortage Becomes Acute—Border Awaiting Militia.

(Associated Press Telegram)

El Paso, June 28.—Fresh cause for apprehension was found along the border today in news of the gathering of strong forces of former Villa sympathizers under notorious chieftains in the vicinity of Juarez and the close of surveillance by the civil and military authorities on former adherents, who are now refugees in El Paso.

Gen. Jose Flores, commanding 800 infantrymen, is reported in Juarez after making peace with the de facto government. General Manuel Blandia, once a Villa subordinate, known to be across the Rio Grande, and Manuel Medina and Jose Ysabel Flores also have taken advantage of the amnesty granted by Carranza. Still another former Villa leader, Colonel Maximo Castillo, has joined Gen. Gonzales' garrison in Juarez. Castillo, who has been blamed for the dynamiting of the Cuernavaca tunnel in February, 1911, in which 25 Americans and 50 Mexicans lost their lives, recently returned to Mexico via Vera Cruz from Cuba, where he went after being released from custody after the Cuernavaca crime.

The bandit raid near Matamoros, which resulted in the murder of William Parker and his bride, still was a subject of speculation today in connection with the presence of the former Villa followers in Juarez and the apparent lack of protection afforded the border from bandit raids. Their probable activities in the event of hostilities gave rise to numerous alarmist theories.

Although the embargo of munitions still is enforced rigidly at points of entry, that regarding food is not. Several loads of foodstuffs held up at the international bridge were released today after the consignors received permission from Washington to send them across. In response to protests against destruction of the goods. That the food shortage is becoming more acute in the interior of Mexico was declared by arrivals from the south who told bread lines in Chihuahua City, Durango and Torreon and brought pictures to substantiate their statements.

Mexican refugees who reached the border today from the mining districts of southern Chihuahua brought stories of the organization of "dynamite squads" in General Trevino's army. They said it is planned that should it become apparent in the event of war that the de facto troops could not hold the railroads to destroy them and the detachments now stationed along the Mexican central and the Mexican northwestern will be concentrated at Chihuahua City. Bombs and hand grenades, it was said, were being made by plugging the ends of small pipes after filling them with powder, nails and scrap iron.

Arrival of the first national guardsmen is being awaited with interest. Arrangements virtually have been completed for their camp sites, provisioning and drilling by regular army officers.

NEIGHBORHOOD PRAYER MEETINGS

The weekly neighborhood prayer meetings will be held this week at the following homes. Friends are very welcome to the meetings, open to all desiring to spend some time in prayer and Bible study.

Topic: Jesus' appearance to Paul on the way to Damascus. Look this up carefully the different renderings given of the one great occurrence of his life, and the apostolic charge given to him in his mission to the gentile world. 1 Corinthians 15:3; Acts 9: 3-5; 22: 7-15; 26, 9-18.

Division 2—Mrs. Jones, 236 Indiana street.

Division 12—Mrs. Shaw, Leonard avenue.

Division 13—Mrs. Coyle, Bates avenue.

Division 34—No card received.

Jesus' appearances to Stephen—Acts 7: 55; to John—Revelations 1, 10-19.

Robert Northey.

A young woman in Effingham, Kan., has bet \$25 that she will be married this year, and she put up the money.

The Three "C's" of Caring For Milk In the Home

The three "C's" for the proper care of milk in the home, according to the dairy specialists of the United States department of agriculture, are:

Keep milk Clean
Cold
Covered

Milk is a highly perishable food and the length of time it will remain sweet and safe, especially for children, depends, the specialists say, almost entirely upon the constant care it receives from cow to consumer. Milk passes through three agencies—the producer, the dealer, and the consumer. If the first two have done their part, clean, safe milk will be delivered, thoroughly chilled, to the consumer. The consumer's responsibility begins the moment the milk is delivered at his doorstep. Because milk poured from a vessel to a container in the home is liable to contamination from dust, manure particles and germs, milk is best delivered in capped bottles. If bottled milk can not be obtained, the housewife should try to have someone in the family receive the milk in a clean, sealed container, cover it instantly, and put it without delay into the refrigerator, or the coldest available place. Under no circumstances should an uncovered pitcher, bowl or can be left out on the porch to receive bulk milk. The vessel, both before and after the milk is poured into it, is accessible to flies and collects particles of dust and dirt.

Even in the case of bottled milk, however, the consumer must see that the bottle is not left out in the heat for a moment longer than is necessary. Milk should be delivered and kept at a temperature of 50 degrees F. or lower—the colder the better. At such temperatures bacteria develop very slowly and milk undergoes little change until consumed. A slight rise in temperature above this point, however, permits bacteria to multiply rapidly and brings about rapid deterioration of the milk, which may render it unfit for ordinary use and make it highly dangerous for babies and little children. For this reason bottled or other milk should not be allowed to remain in a warm place, as on a sunny porch or in a hot kitchen, for a moment longer than is necessary.

Delivery of Milk in Hot Weather.

In hot weather the best plan is to have the milkman put the milk directly into the refrigerator, because at that time of year milk can not be kept properly without ice. If a refrigerator is not available, provide a small box containing ice, and if ice is unavailable, provide some tight container with insulated walls that keep the heat from getting rapidly to the cold milk. A home-made fireless cooler is admirable for this purpose, especially if partially filled with ice. In the absence of any of these devices, arrange with the milkman not to leave the milk in the sunlight, but to put it in the coolest, shadiest place around the house.

Handling Milk in the Home.

In handling milk around the home, do not pour it from one vessel to another until it is to be consumed. Do not let the bottle of milk remain out of the refrigerator a moment longer than is necessary. Keep the milk covered, using paper caps or an inverted tumbler on bottles, or storing it in covered utensils. Any household utensil that is to be used as a vessel for keeping milk should first be cleaned thoroughly and scalded. Before opening a bottle of milk, wash and wipe the neck and outside of the cap with water and a clean cloth. If there is little depression on the top of the cap may collect dust or water, and any milk that leaks out may attract flies. Lift out the cap with a pointed instrument, so that the outside of the cap, which may be contaminated, will not be pushed down into the milk. Each time the milk is to be poured from the bottle it is a wise precaution to wash the neck as described.

Milk in a Refrigerator.

The refrigerator where milk is stored should be cleaned regularly, especial care being given to keeping the drip pipe free and clean. The ice rack also should be cleaned and any place where food is kept or milk stored should be scalded occasionally with salt-soda solution. The refrigerator, even though cold, may quickly be contaminated by a few drops of spilled milk, or by small particles of food. No matter how clean the refrigerator, milk should never be kept in an open vessel. As milk absorbs odors easily, such food as fish, cabbage, or onions should not be kept in proximity to it.

Clean Empty Bottles.

As soon as a milk bottle is emptied, rinse it thoroughly with cold water. Do not return dirty bottles and do not use milk bottles except to hold milk. Returning dirty bottles to the milkman may mean that a few days later either you or your neighbors will get contaminated milk. Milk bottles should never be taken into a sick room. In case of infectious or contagious disease, all bottles should be boiled thoroughly and should not be returned to the dealer without the express permission of the attending physician. Such diseases easily can be made

epidemic through disregard of this precaution.

Where There Are Children.

Care of milk, important for all, is a vital necessity in a home where there are children. It is absolutely essential to the safety of babies. No intelligent mother will leave to an ordinary servant the task of caring for or preparing the milk for her baby. Mothers of small children should get, from their own physicians, explicit directions for the proper handling of milk and for cleaning and sterilizing nursing bottles. Pamphlets on infant feeding may be obtained from the municipal milk stations or health officers. Milk for babies can not be kept too cold, and too much care can not be given to keeping it clean and covered.

Further information on this subject may be had by writing to the U. S. Department of Agriculture, Washington, D. C., for Farmers' Bulletin 113, "Care of Milk and Its Use in the Home," or the Licking Creamery Company, Newark, O.

Theatres

Alhambra Tonight and Tomorrow.

Alice Brady, who plays the star part in "Tangled Fate," the "Brady-made" World Film production which is coming to the Alhambra theatre tonight and tomorrow does not hold her high position in stardom through the assistance received from her father. In fact, Papa Brady wanted Alice to become a society girl, but Alice had stage inclinations, and set out to make a name for herself without any assistance from the parental side of the house. Her success in pictures is second only to the great success she made on the legitimate and operatic stage. After she had conquered the stage, then Mr. Brady looked after his daughter's business.

Friday and Saturday, Marguerite Clark in "Silks and Satins."

The Auditorium.

Virginia Pearson already has come into the fore of motion picture stars, her rare beauty of distinctive American type combining in her success with a dramatic instinct rarely found in so young an actress. In her role in the William Fox photodrama "Hypocrits," an exposé of the shams of society, she equals if not exceeds her first appearance under Mr. Fox in the picture play "Blazing Love." Her years of successful stage training have made her movie work unusually perfect and pleasing.

Miss Pearson will be seen at the Auditorium today and tomorrow and none should miss her wonderful work in "Hypocrits."

Nancy Boyer.

The telephone has been busy the past few days and many have enquired when the seat will go on for the Nancy Boyer engagement which comes to the Auditorium for a week, starting next Monday afternoon. Manager Fenberg states that the seat sale will begin Friday at 10 a. m., when all those who wish can secure seats for any of Nancy's plays. For her opening play on next Monday "The Shams of Society," a very beautiful four act society play will be offered. This gives Miss Boyer an elegant chance to display a wonderful array of dress and scenery and many new ones for this engagement. On Monday evening, "A Woman's Way" will be offered. The prices for this engagement will be the same as on the last visit of this company to Newark. Nights: 10, 20, 30 and 50 cents. Daily matinees (excepting the fourth) 10 and 20 cents.

The Secret of the Submarine.

This "The Film Novel of the Hour" strikes the touchstone of American patriotism—is based on a great inventive idea which may yet decide the control of the seas for Uncle Sam. Or some other nation? The action is swift-hair-raising. The obscure American inventor who discovers the secret offers it to the United States, but foreign spies from Japan and Russia enter the fight. Desperate undersea encounters result in which the secret is destroyed. The death of the inventor leaves the records in an old library which passes from hand to hand—relentlessly pursued by the contestants and an American millionaire all over the world—to Paris, London, Petrograd and back to the American government. The inventor's "daughter's" identity becomes a puzzle—the mystery within a mystery which runs within a web of the globe—girdling international intrigue.

Chapter three shows the U. S. naval investigator's auto racing alongside the spies' train. The auto dashes ahead at a mile-a-minute rate. Suddenly a yawning chasm, left by a landslide, appeared ahead. It was too late to stop, to swerve. The big machine took the leap—cleared twenty-five feet of space to the opposite bank. See it at the Grand tomorrow.

ADMINISTRATRIX SALE OF REAL ESTATE.

In pursuance of an order of sale to me directed from the Probate Court of Licking County, Ohio, I will offer for sale at public auction at the South Steps of the Court House, Newark, Licking County, Ohio, Saturday July 8th, 1934, at 10:30 a. m. the following described real estate situated in the State of Ohio, in the County of Licking and in the City of Newark and bounded and described as follows: Being a part of lot 1457 in lot 1458, Shields Addition to the City of Newark, Ohio, and commencing at a point 649 feet north of the north line of Locust Street in said City of Newark, Ohio, the east line of said Lot 1457 to the east line of said Lot 1458; thence north 31 feet; thence west parallel with the north line of said Lot 1457 to the east line of Jackson Street; thence south on the east line of Jackson Street to the place of beginning being House Numbered 152 on said Jackson Street.

Appraised at \$700. Terms of sale: One-third cash on day of sale, one-third in one year and one-third in two years from the day of sale, or for all cash at the option of the purchaser.

Deferred payments to be secured by mortgage on the premises. TRUSTA M. MORAN, Administratrix of the Estate of Lewis G. Spelman, deceased. Robert W. Howard, Plaintiff's Attorney. 6-1-We-46

MEXICANS AND AMERICANS IN NIGHT BATTLE

(Associated Press Telegram)

Nogales, Ariz., June 28.—Shots were exchanged shortly before midnight last night between a sentry squad on the west side of town and a detachment of Mexican soldiers.

The corporal in charge of the post reported that he challenged the Mexicans, that they continued to advance without replying and that after they were well over the line, they fired a shot at him. He then ordered his squad to fire, retreating to a point 150 yards north of the line to prevent being flanked. The Mexicans retreated.

When reserve companies of infantry were rushed to the line, the Mexican border guard opposite withdrew into the Mexican town. About 20 shots were fired by the United States troops.

A Mexican officer then rode up to the customs house and said his men had been fired on while they were on their side. Major Wm. Brooks, officer of the guard, said every sentry was posted well back of the line. No casualties were reported by the Mexicans.

Later the reserve troops were withdrawn.

At a conference at the line with Major Brooks, the Mexican commandant, General Orsa Garay, promised a rigid investigation and severe penalties for any of his men found at fault.

BLAIR TRUCK LOANED.

Major H. M. Bush of the Ohio Light Artillery was overjoyed yesterday when he learned that the Blair Motor Truck company of Newark, in which a number of Columbus men are interested, had decided to lend him a Blair truck until he gets to the border. The new truck will come from Newark Friday and will be accompanied by a driver and a mechanic, whose whole time will be at the service of the major. —Ohio State Journal.

Our Phase of Efficiency.

"And you have had the same servant for two years?" "Yes," replied Mr. Crosslots. "She says she doesn't believe in changing after she had gone to the trouble of teaching the family her ways."

Ambition Salts

Gives you a Clear Head and a Good Appetite in the Morning.

You need these to start with. You can't do business right if you start the day wrong. AMBITION SALTS is the great rectifier of mistakes of eating or drinking the night before. If you dine "not wisely but too well" take AMBITION SALTS before going to bed. You will wake up in the morning with your head clear, your stomach feeling fine, your eyes bright with the sparkle of health and energy. You will enjoy your work and do it well.

AMBITION SALTS is pleasant to take, acts quickly, no pain or discomfort. A large bottle at T. J. Evans for only fifty cents and it is guaranteed to be the finest sort of remedy at all times for indigestion, headache, biliousness, constipation, acid stomach, sluggish liver, kidney troubles and malaria. It drives uric acid from the system, makes the blood pure—and pure blood means health.

Your money back on the first bottle purchased from T. J. Evans if you are not satisfied. Mail orders filled, charges prepaid, by the Wendell Pharmaceutical Company, Inc., Syracuse, N. Y., manufacturers.

Card of Thanks.
Miss Dora Rehbeck wishes to thank one and all for their help during her convalescence. 6-25-1t

British Red Tape.
An English officer who had been, through mistake, reported "killed in action," on his return from the front went to his bank to cash one of his checks. The clerk at the counter, instead of asking the welcome question, "How will you take it?" looked doubtful and puzzled, stared at the soldier and finally hurried away to seek advice elsewhere. He presently returned with the news that the check could not be cashed. "But you know me, and that is my signature!" exclaimed the astonished officer. "Yes," said the clerk, "but you are not a British officer."

Alone in a Great City.
"Alone—alone in a great city!" The words burst like heart tearing sobs from the lips of the wretched looking man at the street corner, and passersby eyed him in silent sympathy. "Alone in a great city!" he sobbed again. Then over his careworn face flashed a sudden look of hope as he added, "Ah, that gives me an idea!" Taking from the pocket of his shabby waistcoat his real silver watch, he turned quickly into a side alley over which hung the sign of the three golden balls. A few minutes later he returned, pushing a little ticket into his now empty pocket and jingling some coins gaily. "A loan," he muttered in happy, care-free tones—"a loan in a great city!"—London Mail.

ST. LOUIS IS CHOSEN
(Associated Press Telegram)
Philadelphia, June 28.—St. Louis was today selected as the 1917 convention city of the Associated Advertising Clubs of the World now in session here. Cincinnati was St. Louis' strongest opponent.

INDIANAPOLIS FOR MILLINERS IN 1917.
(Associated Press Telegram)
Cincinnati, June 28.—Indianapolis was chosen for the 14th annual convention of the national millinery traveling men's association in convention here today. Ralph Goldstickler of St. Louis was elected president, and A. J. Drahner of Cincinnati, secretary and treasurer.

INTERNATIONAL UNION OFFICER WAS IN NEWARK

Vice President Larry O'Keefe, of the International Molders' Union of North America, arrived in the city today for the purpose of adjusting the differences existing between the members of the local Molders' Union No. 152 and the Wehrle Stove Co. The international official met with the local members today, but refused to make any comment as to when the men would return to work or whether he would remain in the city until tonight.

At noon today the Wehrle company had not been called on by the men, but officials of the company were confident that with Mr. O'Keefe on the grounds the grievances would soon be adjusted. The men have been out of the shop since Monday morning at 10 o'clock, when they laid down their tools and quit work.

Mr. O'Keefe when asked by an Advocate representative this afternoon if there was anything new in the strike situation said he "had nothing to say." He did not care to state whether he would remain in Newark until tonight or if the molders would hold a meeting this afternoon.

A number of the molders misinterpreted a statement in the Advocate Monday night to the effect that "the trouble does not seem to be between the company and the men as much as between the men and the international union," saying the paper attributed the statement to President Ernest Weaver of the local organization. A committee called on the Advocate to learn if Mr. Weaver had made the statement, but were informed that it was made by Mr. Pickup, general manager of the Wehrle company.

It was pointed out to the committee that Mr. Weaver was not quoted as making the above mentioned assertion. Clarence Luther, acting as spokesman for the committee, stated that he feared trouble for Mr. Weaver if correction was not made. But no correction is necessary as a close perusal of the article shows that the story had been misinterpreted and that Mr. Weaver was not made responsible for anything Mr. Pickup had said.

Mr. Weaver said he feared for his safety if his connection with the affair was not explained.

GIRL BRIDE IS FOUND GUILTY OF HOMICIDE
(Associated Press Telegram)
Fort Worth, Tex., June 28.—Mrs. Katherine Vance Harrison, 16 year old bride of Charles Harrison, was found guilty of murder by a jury in circuit court today and sentenced to five years' imprisonment. Mrs. Harrison admitted killing W. L. Harrison, a hotel proprietor, but accused him of having despoiled her of her virtue. She married Harrison, a nephew of United States Senator Charles A. Culbertson, of Texas, two days after the killing.

INJUNCTION IS GRANTED AGAINST SISSEA'S SALOON
Judge T. B. Fulton today granted an injunction against the operation of a saloon at 139 East North street, conducted by August Sissea. A petition asking for the injunction was filed today by John Marion who complained that Sissea was operating a saloon in the immediate vicinity and neighborhood of a public school, which constituted a nuisance and was morally injurious to the good order, morals and peace of the community. The plaintiff also alleged that the defendant was in violation of state law, was interested in another saloon at Alliance, O., and which was conducted by defendant's brother, John Sissea. The injunction was granted by the court, plaintiff being required to give bond in the sum of \$100.

SUPT. HAWKINS IS A CANDIDATE AT CEDAR POINT
(Associated Press Telegram)
Cedar Point, O., June 28.—The fight for the presidency of the Ohio State Teachers' Association with three candidates, Superintendent Carey Bogges of Springfield; Superintendent J. V. McMillan of Marietta and Superintendent Darrel Joyce of Hamilton promised to be close when balloting started this afternoon. Superintendent Wilson Hawkins of Newark is a candidate for the vacancy on the board of control of the Ohio Teachers' Reading Circle.

HEARING BUT NOT LISTENING

In the course of a visit to Nagpur, the capital of the central provinces, writes Mr. Stanley Coxon in his Indian reminiscences, I heard of an amusing ending to a civil case. It was an appeal case, and on one side was a Mr. Stanton, an English barrister, and on the other a number of native pleaders. The arguments on both sides had been heard, and the case closed for judgment.

Suddenly one of the native pleaders got up and addressed the court once more. Mr. Stanton suffered it for some time; but, losing patience, he also stood up and, addressing the court, said, "Your honor, I would beg with all respect to point out to the court that my learned friend opposite is entirely out of order in addressing the court, and if I may be permitted to say so the court has no right to be listening to him."

The court, who at that time was writing, put his head over the desk and said, "Mr. Stanton, it's a great piece of impertinence on your part to assume that the court is listening to him."

Moving Picture Shows.
An observer says the reason that all classes like motion picture plays is that each person puts into the mouths of the silent actors the exclamations, words and lines that he himself would use under like circumstances.

Incidents and situations are flashed on the screen, but the spectator tells the unspoken story to himself, and there is no possibility of artificial, strained or incomprehensible dialogue. What the spectator imagines is the thing that is natural to him. To one who watches Hamlet with Yorick's skull the words of the play may come, "Imperious Caesar, dead and turned to clay, might stop a hole to keep the wind away." To another's imagination Hamlet says, "Well, we all gotta come to it."

Could explanation be simpler, yet more profoundly true? — Richmond Times-Dispatch.

The Early Circus.
Leaving out of count the great circuses of Rome and Antioch and coming down to something of modern times, the first circus in England was on a footpath known as Halfpenny Hatch, in the Waterloo road, London. There, in 1770, Astley's first performance was given, with the aid of a drum, two fies and one clown. A charge of sixpence was made for the front standing places. There was no building and not even a tent, but merely a ring of ropes and stakes. Primitive as were the arrangements, Astley soon attracted good audiences and was able to add to his program conjuring, transparencies, vaulting and tumbling, with displays of fireworks. In course of time he was able to hire an inclosed ground and erected seats under a substantial roof. He called the place Astley's amphitheater riding house.

Women and Golf in Olden Days.
Clark, in his "Golf, a Royal and Ancient Game," printed a few decades ago, recounts how strangers at the old St. Andrews course abroad were given a trial on the famous holes, and if they proved to be of the tribe of turf diggers and sand lifters they were ignominiously thrust into the outer darkness of the "women's green." The accommodations accorded to women in the old days were in the nature of a sop to Cerberus, merely to keep them quiet and satisfied while the men indulged in the more serious pursuit of a serious business with a better equipment on a finer course. In the annals of one old golf club it is recorded that since a certain green was habitually flooded and generally useless it was recommended that a new hole be built in its place and the old green given over to the women.

The Sleep of Seeds.
Oats, corn, fennel and some flower seeds were exposed during 118 days to a temperature of 40 degrees F. below zero. Afterward, when placed in suitable surroundings, nearly all of the fennel, oat and corn seeds and many of the others germinated. It is concluded that the protoplasm, or the principle of life, in a resting seed is in a state of inaction not comparable to that of a smoldering fire, but rather like that of a chemical mixture which is capable of forming a combination whenever the required conditions of temperature and illumination are present.

How She Was Named.
A little colored girl, a newcomer in Sunday school, gave her name to the teacher as "Fertilizer Johnson." Later the teacher asked the child's mother if that was right.

"Yes, ma'am, dat's her name," said the fond parent. "You see, she was named for me and her father. Her father's name am Ferdinand, and my name is Liza. So we named her Fertilizer." — Boston Transcript.

Copper Came From Cyprus.
The word copper is generally admitted to be derived from Cyprus, as it was from that island that the ancient Romans first procured their supplies. In those remote days Cyprus and Rhodes were the great copper producing districts.

Two Tests.
The test of a lover is not how many he has loved, but how well; the test of a philanthropist is not how well he has loved, but how many.—Alice Wellington Rollins.

No Branch of Confidence.
"Say, what do you mean by telling Jones that I was a blockhead?" "Why, it isn't a secret, is it?" — Boston Transcript.

CONFEREES

OF HOUSE AND SENATE FAIL TO
AGREE ON HAY RESOLUTION
TODAY.

Authorizing President to Draft National Guardsmen Into the Federal Service.

(ASSOCIATED PRESS TELEGRAM)
Washington, June 28.—Final action by congress on the Hay resolution to empower the president to draft national guardsmen into the federal service was being delayed today by failure of senate and house conferees to agree on the much discussed provision appropriating \$1,000,000 for the relief of dependent families of guardsmen.

There was no disagreement, however, over the main feature of the resolution providing for drafting of guardsmen and the provision to permit consolidation of scattered units of the national guard. Army officers are more anxious for immediate action on the latter provision, since without the authority it would give, they believe, the work of getting guardsmen to the border is being delayed.

Prospects today were that the difficulty might be solved by the relief proposals being taken care of in a separate measure.

Insistence upon its amendment to the house military drafting resolution striking out the million dollar relief appropriation for dependents of enlisted men, was ordered by the senate today after a disagreement on that issue had been reported by its conferees.

Senators Chamberlain, Warren and Hitchcock were reappointed the conferees committee and directed to renew negotiations with house conferees. Another effort probably will be made to induce Representative Hay and his colleagues in the house to eliminate all reference to the relief including even the senate proposal to provide exemption from service for enlisted men with dependent families.

100,000 INDUSTRIES REGISTER FOR WAR

Howard E. Coffin.

The committee on industrial preparedness of the United States, which, under the chairmanship of Howard E. Coffin, is organizing the industries of the country for national service in the event of war, is meeting with splendid success in its work. The number of manufacturing and other plants which are being registered for possible war service totals at the present time about 100,000.

TO ASCERTAIN RESOURCES OF PENNSYLVANIA

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, June 28.—Preparations were made today to take an immediate census of the industrial resources of western Pennsylvania, following a meeting here yesterday of a committee representing the naval consulting board of the United States. A letter was prepared which will be sent to every industrial establishment in the Pittsburgh district asking for confidential information for the use of the United States government which will show what war supplies are made and in what quantities. The manufacturers are urged because of the immediate need of the information requested, to consider the collection of the data, a patriotic duty.

SPECIAL TRAINS CARRYING TROOPS FROM THE WEST

(ASSOCIATED PRESS TELEGRAM)
San Francisco, June 28.—Special troop trains today are carrying the first battery of the field artillery of the Utah national guard and the third battalion of the Oregon infantry to the Mexican border, while militiamen of the other western department states are expecting orders to move southward immediately. Already two California militia companies of coast artillery have been detailed to guard the San Diego water supply reservoirs. The men, who went on duty last night, were the first state troops of the western department to begin actual border duty.

RAILROADS ARE PREPARING FOR RUSH OF TROOPS

(ASSOCIATED PRESS TELEGRAM)
Chicago, June 28.—Passenger agents of railroads centering in Chicago today are prepared for the rush of state troops from eastern states through this city on their way to the Mexican border. The vanguard of some 50,000 soldiers is expected to arrive during the day, and preparations for handling the men expeditiously are announced as complete.

FORGER CAUGHT BY BANK CLERK

(ASSOCIATED PRESS TELEGRAM)
Toledo, June 28.—After a chase through the heart of the downtown business district today, Donald Gilmore, clerk in the Ohio Savings Bank and Trust Company, captured Samuel K. Thompson, 32, a negro. Thompson presented at the bank a check for \$25, which, it is alleged had been forged. When payment was refused, Thompson fled, pursued by several bank employees. Thompson was turned over to the police and locked up.

BERLIN REPORTS AUSTRIAN CHECK

(ASSOCIATED PRESS TELEGRAM)
Berlin, June 28.—Via London.—The great battle in Volynia where the reinforced German army has succeeded in checking the Russian advance, has resulted in further reverses for the Russians. Announcement was made by the war office today that the Germans have captured the village of Winkewka, west of Sokul and Russian positions south of that point.

MOTHER AND CHILDREN HURT IN A RUNAWAY.

(ASSOCIATED PRESS TELEGRAM)
Kenton, O., June 28.—Mrs. Nellie Tillman and infant sons, Gerald, two years, and Keith, seven months, were seriously injured in a runaway here today when the buggy in which they were riding toppled over after crashing into a passing rig, throwing them to the ground, pinning the seven months' old child under the heavy buggy.

The increase in British living expenses, 47 per cent, since the war began, is serious enough, but living expenses in this country are said by statisticians to have risen 42 per cent in the single year immediately preceding the outbreak of the world

THE TOWN SLOUCH

By ELLIS M. CLARKE.

Cy Cawkins is Naturally Meek, but He Did Take A-fence in Deacon Wattles' Pastor T'other Day.

That "man must work and woman must weep."
Is well enough for a song,
But you'll find in practical life, my friend,
The poetry is dead wrong.
Man's usually smooth in bed, all steady
Enough 'til the woman gets breakfast ready.

The Courts

To Supreme Court
In the case of Mary E. Moore vs. James F. and Mary J. Lingafelter, which was taken to the court of appeals, that court affirming the decision of the common pleas court in a verdict against the defendants, Mr. Lingafelter appeared in the supreme court at Columbus and made a motion to have the record certified for hearing. The motion was sustained by the court and Clerk Bert O. Horton of the Licking county courts has been notified to certify the record.

Taken to Gallipolis.
Deputy Sheriff Frank Brown returned today from Gallipolis where he had taken William Plummer to the state institution for epileptics.

Judge Blair to Preside.
Judge Park B. Blair of Mount Vernon will preside in common pleas court Friday and will hear the case of Ohio in relation of Martin Shively vs. Cecil Bigbee as safety director. In this case the plaintiff seeks to be restored as a city patrolman, from which position he was removed by Bigbee.

TREASON CHARGE AGAINST SOCIALIST IS BEING HEARD

(ASSOCIATED PRESS TELEGRAM)
Berlin, June 28.—The trial of Dr. Karl Liebknecht, the socialist leader, begins today before a court martial which will decide whether he was guilty of attempted treason in time of war in participating in a May Day peace demonstration in Berlin.

Dr. Liebknecht, whose criticisms of the government in speeches in the Reichstag previously had led to his expulsion from the socialist party in that body, was arrested on May 1, during the demonstration and since has been held in custody, the Reichstag having on May 11 by a vote of 229 to 111 declined to order his release. He has been accused not only of taking part in, but of arranging the demonstration, at which it is alleged cries of "Down with the war," and "Down with the Kaiser" were raised by the excited demonstrators. The prisoner denies his guilt to the treason charge.

King Peter of Serbia, known as the "fighting monarch," is 79 years old. As to military training, previous to the war, he was

KNIGHTS TEMPLAR ELECTED OFFICERS TUESDAY EVENING

At the stated convocation of St. Luke's Commandery No. 31, Knights Templar, held last evening the annual election of officers took place. It resulted as follows:
Em. Com. — S. H. Biddle.
Generalissimo — Chas. W. Dugan.
Capt. Gen. — Chas. W. Dugan.
Sen. Warden — L. M. Kline.
Jun. Warden — Geo. W. Power.
Prelate — J. M. B. Wirth.
Treasurer — J. L. Worth.
Recorder — Henry Pletzer.
Standard Bearer — Hugh O'Sullivan.
Sword Bearer — Clyde M. Hale.
Warder — S. W. Haight.
Trustee — J. L. Worth.
Henry Sleser was appointed sentinel for the ensuing year.

The newly elected officers, except Mr. Dugan, who is sick and was not present, were then installed by retiring Eminent Commander Chas. L. H. Long, assisted by Past Eminent H. W. Rhoads, acting as grand marshal.

70TH ANNIVERSARY OF UTICA CHURCH

(Special to The Advocate)
Utica, June 28.—The First Christian church of Utica will celebrate its 70th anniversary and annual roll-call Sunday, July 9. After a ministry of seventy years in the community, the members and friends will gather at the church for their homecoming. The Christian church believing Jesus Christ the only head of the church and the individual right to interpret the Scripture, is congregational in its government. The activities of this congregation in the home and civic life of the community have been a ministry of unselfish service to humanity. The program will be:
Bible school, 9 a. m., O. B. Helphrey, superintendent; divine worship, 10:15 a. m.; sermon, Rev. F. B. Richey of Franklin, O.; ordination of the following deacons: W. E. Helphrey, Albert Riley, Clyde Riley,

Charles Moreland, Robert Moreland, Edward G. Dove, John Neishbarger; Communion service; benediction; basket dinner in the basement of the church.

Afternoon session, 2 o'clock — Song; Scripture reading; invocation; offering and announcements; children's choir; roll call (Every member will answer by quoting their favorite passage of Scripture.) Congregational singing; address, "The child's relation to the church," Mrs. F. B. Richey; quartet; brief addresses. "The progress of our work," W. E. Helphrey, E. C. Dove, T. M. Hofmeister; congregational singing; benediction.
Evening session—Christian Endeavor, 6:30 o'clock, Lawrence Helphrey, leader; address by Mrs. E. B. Richey, regular session, 7:30 p. m.; baptismal service; benediction. Everybody is urged to come, stay all day and bring well filled baskets.

ALLIES WOULD ABROGATE PART OF AGREEMENT

(ASSOCIATED PRESS TELEGRAM)
London, June 28.—Lord Robert Cecil, minister of war trade told the house of commons today that as the result of conferences in Paris the French and British governments had decided to discontinue partial enforcement of the declaration of London, governing maritime trade, and that he hoped the other allied governments would concur.

An order in council, he said, would be issued withdrawing the successive orders made under the declaration of London, and a statement would be given out setting forth the reasons for this step.

PERRYTON

There will be an ice cream social given by the members of the M. E. church at the home of E. C. Alder, Oak Lawn Stock farm, on next Saturday evening, July 1st. Everybody welcome.
The L. O. O. F. memorial service will be held at the M. E. church on Sunday afternoon July 9. Rev. A. B. Cox of Newark will deliver the address.
Mr. and Mrs. Bernard Warfel spent the week end the guest of Mr. and Mrs. Charles Oxley at St. Mary's.
On Sunday evening July 9, Rev. S. D. Pugh of Mt. Perry will preach at the M. E. church.
Miss Vernice Booth has gone to Athens, where she will attend Summer School.
The next meeting of the Ladies aid will be at the home of Mrs. Bernard Warfel on Thursday afternoon, July 6. All members urged to present.

Granville

(Special to The Advocate)

Granville, O., June 28.—President C. W. Chamberlain went to Cleveland last evening to be in attendance today at the funeral service of Mr. Henry Adam Sherwin whose death occurred on Monday at the country estate near Willowby. There was a memorial service in Wade Memorial chapel in Lakeview cemetery at 2:30 this afternoon. Mr. Sherwin is known to people of Granville and the Baptist denomination in Ohio, as a member of the board of trustees of Denison university, whose donations to the institution have been most generous, and whose latest gift was a subscription to the million dollar endowment fund of \$50,000. Although in somewhat failing health during the past three months, there was nothing in Mr. Sherwin's condition to alarm his friends until within a week or ten days ago—according to personal friends of the family who reside in Granville. The Cleveland home of Mr. Sherwin is at No. 5225 Euclid avenue, and the country estate on which he was making extensive improvements is located near Willowby within easy distance of Cleveland. He was born on September 27, 1842, in Baltimore, Vermont, and commenced his business career at 13 years of age. He came to Cleveland in 1869, and worked as clerk and bookkeeper in a dry goods store, later becoming a member of a firm of wholesale grocers. In July 1886, he founded the present business, which has since become the Sherwin-Williams company, today the largest in the world. On September 27, 1865, he married Miss Frances Smith of Cleveland. He was 74 years old and is survived by his widow and three daughters, Misses Belle and Prudence and Mrs. Orville W. Prescott of Cleveland.

Beside being chairman of the board of directors of the Sherwin-Williams Co., he was director of the Cleveland Trust Co., and the First National bank and trustee of the Society of Savings.

He was a member of the Union Mayfield and Rowfant clubs of Cleveland, the Grotto, New York, and the Caxton, Chicago.

Rev. and Mrs. T. G. Field returned last evening from Zanesville where they spent the day with Mrs. Hitchens, sister of the late Dr. William Ashmore, at her home near the city.

Miss Mary McKibben left yesterday for Northport, Mich., where she will spend the rest of the summer. Dr. McKibben will remain in Granville until Friday when he expects to join his daughter at their summer home.

Rev. C. E. Stanton who has been in Portsmouth this week is expected home this evening.

The women of the Baptist church enjoyed a real work-fest at the church on Tuesday, and accomplished wonders in the thorough cleaning and renovation of the interior. The president of the Social Union, Mrs. C. W. Chamberlain, and the chairman of the house committee, Mrs. C. E. Frank were among those who remained at the post of duty during the entire day. Many hands make light work and the large auditorium is free from dust, for the time being.

Miss Anna Lyon leaves this evening for a trip to California and the Pacific coast. She will go to Los Angeles and spend a few days with Mrs. Elizabeth Spellman, then to San Diego for a visit with Misses Martha Geach. She will remain until school opens in the fall.

Secretary of Commerce Redfield has commended the captain and some of the crew of the lighthouse tender Columbine for their bravery in going to the assistance of the bark British Yeoman, which went ashore on the Island of Kauai, on January 16 last. Two employees in the lighthouse service were also commended.
